## CUMBERLAND TWP. APPOINTS LOTT TO BOARD

J. Van Cleve Lott, Gettysburg R. 3, was appointed a supervisor in Cumberland Twp. at a meeting of the township supervisors Thursday evening at the home of Secretary, Richard E. Deaner.

Lott fills the unexpired term of Ross Crouse who has moved to another township.

The supervisors learned that Dr. Raymond F. Shipp, soils technologist for the Pennsylvania Department of Health, has completed a soil evaluation analysis for the Redding and Windbriar Lanes area in relation to its suitability for subsurface sewage disposal. He will present his findings at a meeting of Thursday, May 13, at 7:30 p.m. Residents of the Windbriar and Redding Lanes area and the Country Club area are urged to attend the meeting. The location of the meeting will be announced later.

## ADOPT ORDINANCE

Adopted at Thursday's meeting was Ordinance No. 21, which amends Ordinance No. 11 and establishes minimum requirements for the installation of septic tanks and sewage disposal systems in Cumberland Twp. The changes provide that percolation tests be made in accordance with recommendations in the Pennsylvania Department of Health Bulletin, "Household Sewerage Disposal, Revision No. 2 effective November 1, 1958," and under supervision and direction of the supervisors.

Another amendment provides that "No building permit shall be issued until the results of the percolation tests are filed with" (Continued on Page 16)

## REUNION WILL OPEN APRIL 23 AT ST. JOSEPH

"Christian Fulfillment in A Changing World" has been selected as the theme for the annual alumnae reunion to be held April 23-25 at St. Joseph College, Emmitsburg. The Very Reverend Henry B. Sattler, C.S.S.R., Ph.D., pastor of St. James Church, Baltimore, will be a featured speaker of the weekend. He has chosen for his topic, "Modern Theology and a Sense of Vocation." Author of many books and pamphlets, Fr. Sattler has had syndicated columns in Our Sunday Visitor since 1958, has had his articles published in leading magazines, including Ave Maria and Ladies' Home Journal and has lectured widely.

Activities for the weekend include a social Friday evening, the academic interlude. Mass for living alumnae, and the jubilee luncheon Saturday. Mass for deceased alumnae, brunch, and the annual children's party Sunday.

## MASS AT NOON

A program innovated three years ago, the academic interlude will highlight Saturday mornings. This year's program differs slightly from those of the two preceding years, since only one lecturer will be featured. Mrs. Harold F. Lamshe '43, Harrisburg, will serve as discussion leader after the lecture.

At noon the Rev. Martin J. (Continued on Page 16)

## To Close Youth Center For Concert

The Youth Center will be closed this evening because of the concert at Gettysburg High School.

Saturday night a "Crazy Hat Dance" will be held at the center on N. Washington St. Those attending will be charged 50 cents if they are without hats, and 40 cents if they are wearing a hat. Prizes will be awarded for the most unusual hats. Bob Colehouse will be disc jockey for the dance to be held from 8 to 11 o'clock.

Mrs. Rex Maddox, advisor, reported a successful rummage sale held recently and expressed her appreciation to those who contributed articles and assisted with the sale.

## Red Chinese Refuse To Talk Peace On Viet Nam And Russia May Do Same

**BY JOHN RODERICK**  
TOKYO (AP) — Red China rejected President Johnson's offer of peace talks on Viet Nam today, and North Viet Nam and the Soviet Union gave no indication that their response would be any more favorable.

Peking Radio said Johnson's speech Wednesday was "full of lies and deception." It called his offer of unconditional discussions "old stuff."

The Chinese broadcast said the object of the offer was to disarm the South Vietnamese people and force them to give up the fight against the Saigon government so the U.S. military could remain to run the country.

## WILL NOT LEAVE

It said the President's proposal "clearly stated" that U.S. forces will not leave South Viet Nam and that Saigon's "puppet government must be assured of its rule."

## WILL ACCEPT CARILLON AT DEDICATION

Howard W. Baker, an assistant director for the National Park Services, Washington, D. C., will accept for the Park Service the carillon to be dedicated Saturday afternoon at 2 o'clock in the Visitor Center.

The musical instrument, which will waft soft music daily over the central part of the battlefield, is a gift of the Daughters of Union Veterans of the Civil War 1861-1865. More than 22,000 members of the nationwide organization donated to raise funds for the carillon here honoring the men who fought in the Civil War.

Mrs. Irene Lawhead, Portland, Ore., national president of the DUV, will be among the participants in the dedication program which will conclude with a concert played by John Klein, RCA-Victor recording artist who was the official carillonist for the Seattle World's Fair. The concert will be the first on the \$5,710 instrument.

## HAS WRITTEN PAGEANT

Mrs. Bess Kapp, Times Apartments, national vice-president of the DUV, has written a pageant to be presented as part of the program for which Past National President Mrs. Ylvaune Howard, Massillon, O., chairman of the national DUV Civil War Centennial Committee, will be mistress of ceremonies.

A large delegation of members of the organization is scheduled from Ohio where the DUV was founded in 1885. The organization now has 470 "units," or chapters, in as many cities throughout the U.S. A group of local Girl Scouts will assist in Saturday's program, which is open to the public.

## PROJECT NIGHT ON THURSDAY AT BERMUDIAN

More than 400 exhibits placed on display by 10 departments of the Bermudian Springs High School were viewed by an estimated 500 school visitors Thursday evening during the school's annual "Project Fair" in the high school building.

The Parent-Teacher Association served refreshments during the fair which was conducted from 7 to 9:30 p.m.

The projects were displayed by the art, industrial arts, science, music, history, English, health and physical education, home economics and French departments.

Among displays attracting special attention were these: French room, a sidewalk cafe scene with students in French costume, providing French music and eclairs. There were also exhibits on the Eiffel Tower and models wearing French hats and clothing.

Science, a working model of a volcano in addition to a cloud chamber that was used to demonstrate the action of various types of radiation.

Home economics, clothing and other articles made by students were on display along with exhibits of balanced meals for a day's diet and samples of loom weaving.

History, model Indian villages, a full-size dugout canoe, covered bridge models and displays of flags of this country. English, posters depicting the development of the English language from the Anglo-Saxon to the present.

Art, 30 oil paintings and other projects including an exhibit by 7A students on space flight.

## Lee Defeated 100 Years Ago

APPOMATTOX, Va. (AP) — Gen. Robert E. Lee surrendered his Army of Northern Virginia to Gen. U.S. Grant 100 years ago today, leaving "an abiding legacy that unites us."

"We have a memory of brave men who fought each other to the limit of endurance and then struck hands across a silent battlefield and asked — is not this as it was in the old days?"

Thus historian Bruce Catton said he saw Appomattox as a place where "there is a spirit of man that triumphs even in the hour of despair."

"Grim and terrible as the story of our Civil War is we at least know that great men were involved in it — great men whose living example is part of our heritage today," Catton said in remarks prepared for delivery at the afternoon commemoration ceremony.

## SENIOR WINS SHIPPENSBURG SCHOLARSHIP

Miss Joyce Kershner, a Senior at Littlestown High School and daughter of Mr. and Mrs. Leroy Chronister, Littlestown R. 2, has been named to receive

JOYCE KERSHNER

a \$1,200 SICO Foundation Scholarship at Shippensburg State College.

Miss Kershner won the award in competition with 52 other outstanding students who have been accepted for admission to Shippensburg in September.

Selection was made by a faculty committee of Shippensburg and the competition was based on results attained in the college entrance tests, success attained in high school courses, the difficulty of the high school courses completed, personal qualifications rated by high school officials, quality of extracurricular activities and a personal interview.

William A. Coradetti, guidance counselor at Littlestown High School, who was notified that Miss Kershner had been selected for the honor, said Frank Basehoar, Littlestown High School principal, will present the award.

## CHORUS TO REHEARSE

The Gettysburg Civic Chorus will hold its regularly scheduled rehearsal Monday at the Moose hall on York St. at 7:30 p.m. Preparations for spring concert music are being made and rehearsed. All members are urged to attend.

## Democratic House Passes LBJ's Medicare Bill By 3-1 Margin; Rejects GOP Plan

**By EDMOND LE BRETON**  
WASHINGTON (AP) — President Johnson's \$6-billion health care-Social Security bill has swept through the House by a margin of almost 3 to 1 and Senate approval is expected within eight weeks.

The House passed the historic measure—the greatest revision and expansion of the Social Security system in its three decades of existence—by a 315-115 vote Thursday night after rejecting a Republican substitute by a much closer vote, 236 to 191.

## ARGUE FINANCING

Republicans argued the plan to provide comprehensive health services for older Americans and to boost retirement benefits should be financed primarily by the general Treasury. Democrats contended the bill's way is best—boosting the payroll tax on employers and employees. The House is overwhelmingly Democratic and the Democrats won.

The GOP leadership then freed individual Republicans

## Enroll Bermudian Beginners Soon

Preschool clinics for the registration and testing of beginners who will enter the Bermudian Springs Elementary Schools in the fall will be held at York Springs, April 22, and at East Berlin on April 23, it was announced today by Amos D. Meyers, supervising principal of the Bermudian Springs Schools.

Parents of children who will be six years of age on or before next January 31 are asked to call the elementary school offices for appointments on the day indicated for their area.

## SENIOR CHOIR AT ST. JAMES TO GIVE 'ELIJAH'

Felix Mendelssohn's oratorio "Elijah" will be presented by the Senior Choir of St. James Lutheran Church on Palm Sunday evening at 7:30 o'clock. Assisted by four solo voices and Robert E. Baker at the organ, the choir will give the first local performance of "Elijah" under the direction of Donald E. Bollinger.

Serving as soloists for the oratorio will be Helen P. Bollinger, soprano, alumnus of the Valley Forge Washington Memorial Chapel Choir whose vocal training was furthered at Ursinus College and at Gettysburg College, and Mary Lou Spangler Schwartz, a graduate of West Chester State College, who has done post graduate work at Peabody Conservatory and Columbia University. Mrs. Schwartz is a student of Harry Robert Wilson and a former professor of music at Gettysburg College.

The tenor solo will be performed by Jesse Belyon, minister of music at Trinity United Church of Christ in Hanover and soloist with the Hanover Oratorio Society. He received his vocal training at the Peabody Conservatory under Dr. Frank Bibb.

R. Henry Ackley will be baritone soloist. He is a former professor of music at the Peabody Conservatory and currently associate professor of music at Gettysburg College. He has studied with Dr. Bibb as well as Francisco Valentino at the Metropolitan Opera Company.

The oratorio "Elijah," a deeply moving tribute to the life of the prophet written only a year before Mendelssohn's death, is seldom performed in its entirety due to its great scope and musical complexity. However, many of its choruses and solo arias are frequently favorites.

The public is invited to attend this high point in the Lenten musical program at St. James. A "good will" offering will be accepted.

## Two Services Here Sunday Morning

There will be two worship services in the Presbyterian Church on Palm Sunday, the first at 9:15 a.m., concurrent with Church School, and the second at 10:45 a.m. The Youth and Adult Choirs will combine to sing the following selections for both services: "O To Zion, Jesus Came," by Williams, and "Jesus Christ Triumphant" by Staley. Paul W. Grove is the director and Mrs. M. Scott Moorehead, the organist. Rev. Robert A. MacAskill, pastor, will speak on: "The Suffering and Death of Jesus" in the series of the Apostles' Creed.

## Find Man's Body In Germany Twp.

The body of Isaac Keefe, aged about 62, was found this morning about 8 o'clock hanging from a rope fastened above the bathroom door of his Germany Twp. home. Mr. Keefe lived near Littlestown. He had been in ill health for some time.

Dr. C. G. Crist, Adams County coroner, listed the case as a suicide after an investigation. He said Mr. Keefe had been hospitalized several times in the last few months. Dr. Crist said death occurred about 7 a.m.

The body was turned over to the Littlestown Funeral Home in Littlestown. Funeral arrangements were to be completed this afternoon.

## \$3,000 GIFT TO LIBRARY HELPS CUT MORTGAGE

A gift of \$3,000 by the Friends of the Library was acknowledged Thursday evening by the board of directors of the Adams County Public Library and reports during the evening showed that the library's mortgage had been reduced by \$5,000 on March 31.

The \$3,000 donation from funds raised by the "Friends" made that possible and a letter of thanks was directed to be sent to the donor organization.

Vice-president Donald G. Oyler presided at Thursday's meeting with nine directors in attendance.

## INSURANCE PACKAGE

Much of the meeting was spent in discussion of a package insurance plan which was presented by the finance committee headed by Allen S. Stauffer. The plan presents an overall insurance coverage for the library, its contents, its two bookmobiles and branch libraries at New Oxford and Hunterstown, the board was told.

The revision and expansion of insurance coverage has been under study for more than a year and was triggered by the construction of the addition to the library. The previous annual bill for insurance was \$738. The new annual premium will be \$1,137, the board was told, but "we're getting six times as much insurance," one member said.

The "package" plan was developed by the committee and the library's "agent of record," Jacob N. Britcher. It includes \$280,500 coverage on the main library building and its contents. The insurance will be bought from the Royal Globe Company and commissions will be split four ways, the board decided upon recommendation of the committee.

## TO NOTE LIBRARY WEEK

Mr. Britcher's agency, as agent of record, will get 55 percent while the remaining commissions will be divided equally among McCoy, Bickle and Sterling Cosman Agencies. The insurance is to be reviewed at intervals of three years, the board decided. (Continued on Page 2)

## METHODISTS TO RECEIVE 24

Confirmation of 10 preparatory members will mark the Palm Sunday worship at the Methodist Church. Those who have undergone training in recent months to prepare themselves for church membership are Craig Coffman, Jacquelin Myers, Vallance Murdock, Marian Hartman, Samuel Himes, Cheryl Flegel, Kathy Sneed, Wayne Sneed, Doris Stoner and Randall Thurlay. Their training has consisted of a course in basic Christian doctrines and Methodist history and polity taught by the pastor.

In addition to those to be confirmed, 12 persons will be received on profession of faith and by letter of transfer. They are Mr. and Mrs. Charles Fuller, Martin Flegel, Mrs. Charles Hoover, Mrs. Charles Patrick, Mr. and Mrs. Harold Pressel, Mr. and Mrs. Milward Quinn, Billy Quinn, and Dr. and Mrs. Curvin Smith.

Special anthems will be presented by the Youth and Cherub Choirs. Palm Sunday will be the first presentation of the latter group, consisting of children from the kindergarten and primary departments of the Church School.

The pastor's sermon theme for the 10:45 a.m. service will be "Shocked."

## District Eagles Meet Here Sunday

The Eagles Lodge will be host Sunday afternoon to sessions of the aeries and auxiliaries of District 14.

The district organization is made up of lodges and auxiliaries in Harrisburg, Waynesboro, Columbia, Lancaster, Lebanon, Carlisle, Littlestown, York, Hanover, McSherrystown and Gettysburg. The local aerie is planning a buffet lunch to follow the district meeting.

## BROWNLEY IS ELECTED BY TEACHER GROUP

Edward R. Brownley, Gettysburg R. 6, Gettysburg Junior High School health and physical education teacher, was elected president of the Gettysburg Teachers' Association Thursday evening. He has been first vice-president of the organization for the last year. Other officers chosen to serve through the 1965-66 school year include: First vice-president, Horb Benchoff, principal at the Franklin Twp. Elementary School; second vice-president, Miss Marian Shears; secretary, Miss Darlene Spensler; treasurer, Robert Diehl; delegates, Miss Shirley Carlson and Miss JoAnn Snyder.

During the business session an explanation of the salary schedule recently adopted by the school board was presented. Teachers said that in this discussion it was pointed out that the \$55,000 increase in the amount for salaries will be distributed this way: \$33,000 "for the purpose of placing all teachers on a previously committed schedule; an estimated \$5,000 allocated for tuition reimbursements, leaving a balance of \$17,000 allocated for new increases in which 160 teachers will share.

Cochairmen of the salary committee of the teachers' organization provided interpretations of the newly-adopted salary schedule prompted by questions from teachers in the meeting presided over by President David Woods.

Miss Marian Shears thanked the organization for sending her to the Northeast Regional Conference of the Department of Classroom Teachers, National Education Association, in Providence, R. I. She said the sessions were "educational and inspirational."

## BULLETINS

**CHICAGO (AP) —** Albert Cardinal Meyer, 62, Roman Catholic archbishop of Chicago, died today. He had undergone cancer surgery February 25.

The prelate, head of the largest Catholic community in the United States, began sinking last week after showing signs of improvement from the operation in which a malignant tumor the size of a large walnut was removed from his brain.

**SAIGON, Viet Nam (AP) —** A mutiny by 20 young naval officers against their commander, Adm. Chung Tan Cang, collapsed today and reliable sources said Cang was back in his command.

**HARRISBURG (AP) —** Gov. Scranton said today the need for leadership in the Department of Public Instruction is reaching the critical stage.

As a result, he told a news conference, he may have to move to fill the void even if the Democratic-controlled House continues to delay action on his request for a \$10,000 salary increase for the (Continued on Page 2)

## ADOPT COUNTY BUDGET, TAX RATE FOR '65

The Adams County commissioners this morning adopted the formal resolution setting the tax rate at 12½ mills on real estate and \$3 per capita and formally adopting the budget of \$1,243,000 for the current year.

Both had been tentatively adopted a month ago but the budget was displayed for a month before the formal resolutions could be adopted. The tax rate is the same as last year.

Arrangements were completed for the session of the South Central Pennsylvania Commissioners' Association here Monday. The meeting will start with a bus tour of the battlefield at 1:30 p.m. with the tour donated by Battlefield Tours. At 3:30 the visiting commissioners will visit the Eisenhower farm. A dinner and business session are scheduled for 6:30 at the Elks club, with William C. Richardson III, president of the Gettysburg Travel Council, to be the speaker on "Tourism."

## VOTE COUNCIL \$300

Commissioners in the south central area are those from Adams, Huntingdon, Fulton, Mifflin, Centre, Juniata, Franklin and Bedford Counties.

The commissioners, under provision of the law pertaining to donations for public welfare, voted to donate up to \$300 to the Adams County Council of Community Services, if needed, in its survey of the possibility of establishing Economic Opportunity Act programs here.

Discussion indicated that a requirement is establishment of a wide-based nonprofit corporation to serve as recipient of such federal funds as might be available. The commissioners noted that the Council of Community Services which includes all organizations in the county providing services as members is "about as wide-based as anything in the county." The Council of Community Services is currently considering plans to incorporate as suggested to it by the commissioners, and will reach a decision at its meeting April 22.

## 2 EDUCATORS ARE HONORED

Two Adams County educators were inducted into the Gamma Rho field chapter of Phi Delta Kappa, national fraternity for professional men in the field of education, at a dinner meeting Thursday evening at the Dutch Pantry in Camp Hill. Gamma Rho chapter includes Harrisburg and central Pennsylvania.

The two new members from this county are Donald B. Hudson, superintendent of the Upper Adams public schools, and Dr. Curvin Smith, supervising principal at Fairfield. They were among 12 inducted while six others joined the chapter by transfer from other units of the fraternity which is dedicated to "service, research and leadership" in education.

County Superintendent of Schools M. Francis Coulson is chairman of the chapter's membership committee. Also attending the meeting from this county were C. William Settle, Clyde R. Cover and Amos D. Meyers, all members of the Gamma Rho chapter.

The group heard an address by Dr. John Skoops, professor of education at Lehigh University. He discussed the graduate education program at Lehigh.

## WILL ACCEPT CARILLON AT DEDICATION

Howard W. Baker, an assistant director for the National Park Service, Washington, D. C., will accept for the Park Service the carillon to be dedicated Saturday afternoon at 2 o'clock in the Visitor Center.

The musical instrument, which will cost \$50,000, will be the central part of the battlefield, is a gift of the Daughters of Union Veterans of the Civil War 1861-1865. More than 22,000 members of the nationwide organization donated to raise funds for the carillon here honoring the men who fought in the Civil War.

Mrs. Irene Lawhead, Portland, Ore., national president of the DUV, will be among the participants in the dedication program which will conclude with a concert played by John Klein, RCA-Victor recording artist who was the official carillonist for the Seattle World's Fair. The concert will be the first on the \$5,710 instrument. HAS WRITTEN PAGEANT

Mrs. Bess Kapp, Times Apartments, national vice-president of the DUV, has written a pageant to be presented as part of the program for which Past National President Mrs. Ylavanna Howard, Masillon, O., chairman of the national DUV Civil War Centennial Committee, will be mistress of ceremonies.

A large delegation of members of the organization is scheduled from Ohio where the DUV was founded in 1885. The organization now has 470 "tents," or chapters, in as many cities throughout the U.S. A group of local Girl Scouts will assist in Saturday's program, which is open to the public.

## PROJECT NIGHT ON THURSDAY AT BERMUDIAN

More than 400 exhibits placed on display by 10 departments of the Bermudian Springs High School were viewed by an estimated 500 school visitors Thursday evening during the school's annual "Project Fair" in the high school building.

The Parent-Teacher Association served refreshments during the fair which was conducted from 7 to 9:30 p.m.

The projects were displayed by the art, industrial arts, science, music, history, English, health and physical education, home economics and French departments.

Among displays attracting special attention were these: French room, a sidewalk cake scene with students in French costume, providing French music and eclairs. There were also exhibits on the Eiffel Tower and models wearing French hats and clothing.

Science, a working model of a volcano in addition to a cloud chamber that was used to demonstrate the action of various types of radiation. Home economics, clothing and other articles made by students were on display along with exhibits of balanced meals for a day's diet and samples of loom weaving.

History, model Indian villages, a full-size dugout canoe, covered bridge models and displays of flags of this country. English, posters depicting the development of the English language from the Anglo-Saxon to the present.

Art, 30 oil paintings and other projects including an exhibit by 7A students on space flight.

## Lee Defeated 100 Years Ago

APPOMATOX, Va. (AP) — Gen. Robert E. Lee surrendered his Army of Northern Virginia to Gen. U.S. Grant 100 years ago today, leaving "an abiding legacy that unites us."

"We have a memory of brave men who fought each other to the limit of endurance and then struck hands across a silent battlefield and asked — is not this as it was in the old days?"

Thus historian Bruce Catton said he saw Appomattox as a place where "there is a spirit of man that triumphs even in the hour of despair."

"Grim and terrible as the story of our Civil War is we at least know that great men were involved in it — great men whose living example is part of our heritage today," Catton said in remarks prepared for delivery at the afternoon commemoration ceremony.

## SENIOR WINS SHIPPENSBURG SCHOLARSHIP

Miss Joyce Kershner, a Senior at Littlestown High School and daughter of Mr. and Mrs. Leroy Chronister, Littlestown R. 2, has been named to receive

JOYCE KERSHNER

a \$1,200 SICO Foundation Scholarship at Shippensburg State College.

Miss Kershner won the award in competition with 52 other outstanding students who have been accepted for admission to Shippensburg in September.

Selection was made by a faculty committee of Shippensburg and the competition was based on results attained in the college entrance tests, success attained in high school courses, the difficulty of the high school courses completed, personal qualifications rated by high school officials, quality of extra-class activities and a personal interview.

William A. Coradetti, guidance counselor at Littlestown High School, who was notified that Miss Kershner had been selected for the honor, said Frank Basehoar, Littlestown High School principal, will present (Continued on Page 16)

## Democratic House Passes LBJ's Medicare Bill By 3-1 Margin; Rejects GOP Plan

By EDMOND LE BRETON  
WASHINGTON, (AP) — President Johnson's \$6-billion health care-Social Security bill has swept through the House by a margin of almost 3 to 1 and Senate approval is expected within eight weeks.

The House passed the historic measure—the greatest revision and expansion of the Social Security system in its three decades of existence—by a 313-115 vote Thursday night after rejecting a Republican substitute by a much closer vote, 236 to 191.

### ARGUE FINANCING

Republicans argued the plan to provide comprehensive health services for older Americans and to boost retirement benefits should be financed primarily by the general Treasury. Democrats contended the bill's way is best—boosting the payroll tax on employers and employees. The House is overwhelmingly Democratic and the Democrats won.

The GOP leadership then freed individual Republicans

## Enroll Bermudian Beginners Soon

Preschool clinics for the registration and testing of beginners who will enter the Bermudian Springs Elementary Schools in the fall will be held at York Springs, April 22, and at East Berlin on April 23, it was announced today by Amos D. Meyers, supervising principal of the Bermudian Springs Schools.

Parents of children who will be six years of age or before next January 31 are asked to call the elementary school offices for appointments on the day indicated for their area.

## SENIOR CHOIR AT ST. JAMES TO GIVE 'ELIJAH'

Felix Mendelssohn's oratorio "Elijah" will be presented by the Senior Choir of St. James Lutheran Church on Palm Sunday evening at 7:30 o'clock. Assisted by four solo voices and Robert E. Baker at the organ, the choir will give the first local performance of "Elijah" under the direction of Donald E. Bollinger.

Serving as soloists for the oratorio will be Helen P. Bollinger, soprano, alumnus of the Valley Forge Washington Memorial Chapel Choir whose vocal training was furthered at Ursinus College and at Gettysburg College, and Mary Lou Spangler Schwartz, a graduate of West Chester State College, who has done post graduate work at Peabody Conservatory and Columbia University. Mrs. Schwartz is a student of Harry Robert Wilson and a former professor of music at Gettysburg College.

The tenor solos will be performed by Jesse Belyton, minister of music at Trinity United Church of Christ in Hanover and soloist with the Hanover Oratorio Society. He received his vocal training at the Peabody Conservatory under Dr. Frank Bibb.

R. Henry Ackley will be baritone soloist. He is a former professor of music at the Peabody Conservatory and currently associate professor of music at Gettysburg College. He has studied with Dr. Bibb as well as Francisco Valentino at the Metropolitan Opera Company.

The oratorio "Elijah," a deeply moving tribute to the life of the prophet written only a year before Mendelssohn's death, is seldom performed in its entirety due to its great scope and musical complexity. However, many of its choruses and solo arias are frequently performed and are familiar favorites.

The public is invited to attend this high point in the Lenten musical program at St. James. A "good will" offering will be accepted.

## Two Services Here Sunday Morning

There will be two worship services in the Presbyterian Church on Palm Sunday, the first at 9:15 a.m., concurrent with Church School, and the second at 10:45 a.m. The Youth and Adult Choirs will combine to sing the following selections for both services: "O To Zion Jesus Came," by Williams, and "Jesus Christ Triumphant" by Staley. Paul W. Grove is the director and Mrs. M. Scott Moorehead, the organist. Rev. Robert A. MacAskill, pastor, will speak on "The Suffering and Death of Jesus" in the series of the Apostles' Creed.

The pastor's sermon theme for the 10:45 a.m. service will be "Shocked."

## Find Man's Body In Germany Twp.

The body of Isaac Keefe, aged about 62, was found this morning about 8 o'clock hanging from a rope fastened above the bathroom door of his Germany Twp. home. Mr. Keefe lived near Littlestown. He had been in ill health for some time.

Dr. C. G. Crist, Adams County coroner, listed the case as a suicide after an investigation. He said Mr. Keefe had been hospitalized several times in the last few months. Dr. Crist said death occurred about 7 a.m.

The body was turned over to the Little Funeral Home in Littlestown. Funeral arrangements were to be completed this afternoon.

## \$3,000 GIFT TO LIBRARY HELPS CUT MORTGAGE

A gift of \$3,000 by the Friends of the Library was acknowledged Thursday evening by the board of directors of the Adams County Public Library and reports during the evening showed that the library's mortgage had been reduced by \$5,000 on March 31.

The \$3,000 donation from funds raised by the "Friends" made that possible and a letter of thanks was directed to be sent to the donor organization.

Vice-president Donald G. Oyler presided at Thursday's meeting with nine directors in attendance. INSURANCE PACKAGE

Much of the meeting was spent in discussion of a package insurance plan which was presented by the finance committee headed by Allen S. Stauffer. The plan presents an overall insurance coverage for the library, its contents, its two bookmobiles and branch libraries at New Oxford and Hunterstown, the board was told.

The revision and expansion of insurance coverage has been under study for more than a year and was triggered by the construction of the addition to the library. The previous annual bill for insurance was \$738. The new annual premium will be \$1,137, the board was told, but "we're getting six times as much insurance," one member said.

The "package" plan was developed by the committee and the library's "agent of record," Jacob M. Britcher. It includes \$200,500 coverage on the main library building and its contents. The insurance will be bought from the Royal Globe Company and commissions will be split four ways, the board decided upon recommendation of the committee.

### TO NOTE LIBRARY WEEK

Mr. Britcher's agency, as agent of record, will get 55 percent while the remaining commissions will be divided equally among McCoy, Bickle and Sterling Muselman Agencies. The insurance is to be reviewed at intervals of three years, the board decided. (Continued on Page 2)

### METHODISTS TO RECEIVE 24

Confirmation of 10 preparatory members will mark the Palm Sunday worship at the Methodist Church. Those who have undergone training in recent months to prepare themselves for church membership are Craig Coffman, Jacquelin Myers, Vallance Murdock, Marian Hartman, Samuel Himes, Cheryl Flegel, Kathy Sneed, Wayne Sneed, Doris Stoner and Randall Thurler. Their training has consisted of a course in basic Christian doctrine and Methodist history and polity taught by the pastor.

In addition to those to be confirmed, 12 persons will be received on profession of faith and by letter of transfer. They are Mr. and Mrs. Charles Fuller, Martin Flegel, Mrs. Charles Hoover, Mrs. Charles Petrick, Mr. and Mrs. Harold Pressel, Billy Quinn, and Dr. and Mrs. Curvin Smith.

Special anthems will be presented by the Youth and Cherub Choirs. Palm Sunday will be the first presentation of the latter group, consisting of children from the kindergarten and primary departments of the Church School.

The pastor's sermon theme for the 10:45 a.m. service will be "Shocked."

## Phantom Jets Battle MIGs In Massive Air Strike In N. V. Nam; Send More Craft

By EDWIN Q. WHITE  
SAIGON, South Viet Nam (AP) — U.S. Navy Phantom jets flying top cover for the most massive air strike yet staged against North Viet Nam battled Communist MIGs over the sea 25 miles from Red China's Hainan Island today.

One of the Soviet-built jet fighters possibly was shot down. It was seen disappearing into clouds in flames.

The nationality of the MIGs was not determined, but they were presumed to be North Vietnamese. There was no announcement of any American losses in the air battle.

### GET MORE MARINES

In Saigon, American authorities announced that two more battalions of U.S. Marines and a squadron of Marine jet fighters will land shortly in Viet Nam, further reinforcing security at Da Nang and at the city of Hue.

## District Eagles Meet Here Sunday

The Eagles Lodge will be host Sunday afternoon to sessions of the aeries and auxiliaries of District 14.

The district organization is made up of lodges and auxiliaries in Harrisburg, Waynesboro, Columbia, Lancaster, Lebanon, Carlisle, Littlestown, York, Hanover, McSherrystown and Gettysburg. The local aerie is planning a buffet lunch to follow the district meeting.

## BROWNLEY IS ELECTED BY TEACHER GROUP

Edward R. Brownley, Gettysburg R. 6, Gettysburg Junior High School health and physical education teacher, was elected president of the Gettysburg Teachers' Association Thursday evening. He has been first vice-president of the organization for the last year. Other officers chosen to serve through the 1965-66 school year include: First vice-president, Hobart Benchoff, principal at the Franklin Twp. Elementary School; second vice-president, Miss Marian Shears; secretary, Miss Darlene Sponseller; treasurer, Robert Diehl; delegates, Miss Shirley Carlson and Miss JoAnn Snyder.

During the business session an explanation of the salary schedule recently adopted by the school board was presented. Teachers said that in this discussion it was pointed out that the \$55,000 increase in the amount for salaries will be distributed this way: \$33,000 "for the purpose of placing all teachers on a previously committed schedule; an estimated \$5,000 allocated for tuition reimbursements, leaving a balance of \$17,000 allocated for new increases in which 160 teachers will share.

Cochairmen of the salary committee of the teachers' organization provided interpretations of the newly-adopted salary schedule prompted by questions from teachers in the meeting presided over by President David Woods.

Miss Marian Shears thanked the organization for sending her to the Northeast Regional Conference of the Department of Classroom Teachers, National Education Association, in Providence, R. I. She said the sessions were "educational and inspirational."

## BULLETINS

CHICAGO (AP) — Albert Cardinal Meyer, 62, Roman Catholic archbishop of Chicago, died today. He had undergone cancer surgery February 25.

The prelate, head of the largest Catholic community in the United States, began sinking last week after showing signs of improvement from the operation in which a malignant tumor the size of a large walnut was removed from his brain.

SAIGON, Viet Nam (AP) — A mutiny by 20 young naval officers against their commander, Adm. Chung Tan Cang, collapsed today and reliable sources said Cang was back in his command.

HARRISBURG (AP) — Gov. Scrantom said today the need for leadership in the Department of Public Instruction is reaching the critical stage.

As a result, he told a news conference, he may have to move to fill the void even if the Democratic-controlled House continues to delay action on his request for a \$10,000 salary increase for the (Continued on Page 2)

## ADOPT COUNTY BUDGET, TAX RATE FOR '65

The Adams County commissioners this morning adopted the formal resolution setting the tax rate at 12½ mills on real estate and \$3 per capita and formally adopting the budget of \$1,243,000 for the current year.

Both had been tentatively adopted a month ago but the budget was displayed for a month before the formal resolutions could be adopted. The tax rate is the same as last year.

Arrangements were completed for the session of the South Central Pennsylvania Commissioners' Association here Monday. The meeting will start with a bus tour of the battlefield at 1:30 p.m. with the tour donated by Battlefield Tours. At 3:30 the visiting commissioners will visit the Eisenhower farm. A dinner and business session are scheduled for 6:30 at the Elks club, with William C. Richardson III, president of the Gettysburg Travel Council, to be the speaker on "Tourism."

### VOTE COUNCIL \$300

Commissioners in the south central area are those from Adams, Huntingdon, Fulton, Mifflin, Centre, Juniata, Franklin and Bedford Counties.

The commissioners, under provision of the law pertaining to donations for public welfare, voted to donate up to \$300 to the Adams County Council of Community Services, if needed, in its survey of the possibility of establishing Economic Opportunity Act programs here.

Discussion indicated that a requirement is establishment of a wide-based nonprofit corporation to serve as recipient of such federal funds as might be available. The commissioners noted that the Council of Community Services which includes all organizations in the county providing services as members is "about as wide-based as anything in the county." The Council of Community Services is currently considering plans to incorporate as suggested to it by the commissioners, and will reach a decision at its meeting April 22.

## 2 EDUCATORS ARE HONORED

Two Adams County educators were inducted into the Gamma Rho field chapter of Phi Delta Kappa, national fraternity for professional men in the field of education, at a dinner meeting Thursday evening at the Dutch Pantry in Camp Hill. Gamma Rho chapter includes Harrisburg and central Pennsylvania.

The two new members from this county are Donald B. Hudson, superintendent of the Upper Adams public schools, and Dr. Curvin Smith, supervising principal at Fairfield. They were among 12 inducted while six others joined the chapter by transfer from other units of the fraternity which is dedicated to "service, research and leadership" in education.

County Superintendent of Schools M. Francis Coulson is chairman of the chapter's membership committee. Also attending the meeting from this county were C. William Settle, Clyde R. Cover and Amos D. Meyers, all members of the Gamma Rho chapter.

The group heard an address by Dr. John Stoops, professor of education at Lehigh University. He discussed the graduate education program at Lehigh.

# COUNTY AGENT URGES CARE IN CORN PLANTING

County Farm Agent Thomas Piper counseled the Upper Adams Young Farmers Association members at their meeting in the Biglerville High School Thursday night to "take it slow" when planting corn.

Driving too fast will result in "skipping." He said the loss of 1,000 plants at planting will cause a loss of harvest of six to eight bushels of shelled corn or a ton of silage per acre.

Piper also spoke of food value in relationship to time of harvesting. He told the group they can obtain 50 percent more digestible matter per acre by harvesting corn in the dent stage rather than in the milk stage.

## NEED TO FERTILIZE

He said a yield of 25 tons of corn silage per acre will remove 200 pounds of nitrogen, 75 pounds of phosphorus and 150 pounds of potassium per acre from the soil. A 125-bushel corn grain yield removes 115 pounds of nitrogen, 45 pounds of phosphorus and 30 pounds of potassium. "So if you want high yield it is necessary to fertilize," he added.

Reporting on hay crops, he recommended cutting sudan at 30 inches. He reported use of 2-4-D to kill weeds in alfalfa when the alfalfa plants are 12 inches tall.

James Sensenig was introduced as a new member.

Advisors John White and Cecil Snyder announced that Eugene Paulsen of the artificial breeding cooperative at Lancaster will be the speaker at the May 11 meeting of the Young Farmers.

# "Christian Life Crusade" Planned

A "Christian Life Crusade" will be held at the Heidlersburg UB Church during Holy Week, with the pastor, Rev. Jacob F. Stover, speaking each evening at 7:30 on the theme, "The Outstretched Hands of Jesus."

The topics for the messages are: Sunday, "Pierced Because of Me"; Monday, "Nailed to the Cross for Me"; Tuesday, "Folded in Prayer for Me"; Wednesday, "Pointed at Me"; Thursday, "Extended to Me"; Friday, "Laid on Me"; Saturday, "Going Before Me"; and Sunday, "Resurrected in Behalf of Me."

Special music will be featured each evening. Monday evening a ladies' trio from Messiah College will sing, and Saturday Mr. and Mrs. Herman Smith from York will sing.

The community is invited to participate in these services.

## GUEST TEACHER

Dr. Harold A. Dunkelberger of Gettysburg College will be the guest teacher for the Men's Bible Class at St. James Lutheran Sunday School on Sunday morning.

## CALLED TO BLAZE

Fairfield firemen were called at 7 o'clock Thursday night to a woods fire on the property of Julia Eppelman.

## CONCERT SATURDAY

The Littlestown High School Junior Band and Junior Chorus will present their annual spring concert Saturday evening at 8 o'clock. Larry E. McGriff will direct. A headline in Friday's edition incorrectly listed the concert for tonight.

## FIREMEN CALLED

Littlestown firemen were called shortly after noon today when a car caught fire, but the blaze had been extinguished before the trucks left the engine house.

"Women's Role in the Space Age" was discussed Thursday evening at the dinner meeting of the Business and Professional Women's Club in the YWCA.

Miss N. Louise Ramer, chairman of the personal development committee, assisted by Miss Mary Adelsberger, student of the month, were in charge of the program in which statistics on the role of women were given and a slide and sound set presentation, prepared by the National Federation of Business and Professional Women on "Resources of Leadership" was presented.

Today 24,000,000 women work outside the home, and 35 million are full-time housekeepers. Women comprise 34 percent of the work force. By 1970 it is estimated this will increase to from 40 to 45 percent. Lengthened life span leaves "25 to 30 productive years, after rearing the family, during which women can return to a higher education and put it into use," it was brought out in discussion.

Mrs. Paul Pensinger read an invitation to attend the emblem dinner of the York club at the Yorktowne Hotel April 24 at 5:30 p.m. Reservations may be made by phoning Mrs. Pensinger.

A toast was given for Mrs. C. Tyson Tipton, who was celebrating her 90th birthday.

The dinner committee included Miss Ellen Miller assisted by Mrs. Marion Stambaugh, Mrs. Charles Leader and the Misses Dorothy Foht, Joyce Schwartz, Beatrice Pfeiffer and Esther Nace. Favors were presented by Miss Adelsberger and the Future Homemakers of America of the local high school.

# LOCAL GRAD WINS AWARD

Charles Davis Korte, Oxford, Ohio, a Miami University senior, has been named 1965 winner of the \$25 annual Miami E. F. Patten senior prize in psychology. The winner is chosen by the university's psychology faculty members. Korte is a son of the Rev. Mr. and Mrs. Edwirth Korte, the former a chaplain at Gettysburg College before going to Miami University.

A psychology major recently elected to Phi Beta Kappa, Korte has indicated he hopes to teach in college after graduate study in social psychology. He is enrolled in the Miami Honors Program and in his senior year has been designated an Undergraduate Fellow in psychology to identify and encourage students who show promise for careers in college teaching.

Korte has been president of both Psi Chi, honor society in psychology, and of Omicron Delta Kappa leadership society; vice-president of Miami YWCA and treasurer of Pi Mu Epsilon honor society in mathematics. He is a member of Phi Gamma Delta social fraternity. He is a graduate of Gettysburg High School.

## STOCK RALLY RESUMES

NEW YORK (AP)—The stock market resumed its rally in heavy trading early this afternoon.

Many key stocks made moderate gains. A few advanced a point or more.

The market was taking off from Thursday's sharp spurt. Analysts said sentiment was helped considerably by the fact that this is the last day to sell stocks "regular way"—four-day delivery—no use the cash for paying income taxes due April 15.

## COUNTY AGENT URGES CARE IN CORN PLANTING

County Farm Agent Thomas Piper counseled the Upper Adams Young Farmers Association members at their meeting in the Biglerville High School Thursday night to "take it slow" when planting corn.

Driving too fast will result in "skipping." He said the loss of 1,000 plants at planting will cause a loss of harvest of six to eight bushels of shelled corn or a ton of silage per acre.

Piper also spoke of food value in relationship to time of harvesting. He told the group they can obtain 50 percent more digestible matter per acre by harvesting corn in the dent stage rather than in the milk stage.

### NEED TO FERTILIZE

He said a yield of 25 tons of corn silage per acre will remove 200 pounds of nitrogen, 75 pounds of phosphorus and 150 pounds of potassium per acre from the soil. A 125-bushel corn grain yield removes 115 pounds of nitrogen, 45 pounds of phosphorus and 30 pounds of potassium. "So if you want high yield it is necessary to fertilize," he added.

Reporting on hay crops, he recommended cutting sudan at 30 inches. He reported use of 2-4-D to kill weeds in alfalfa when the alfalfa plants are 1½ inches tall.

James Sensenig was introduced as a new member.

Advisors John White and Cecil Snyder announced that Eugene Pauls of the artificial breeding cooperative at Lancaster will be the speaker at the May 11 meeting of the Young Farmers.

## "Christian Life Crusade" Planned

A "Christian Life Crusade" will be held at the Heidlersburg UB Church during Holy Week, with the pastor, Rev. Jacob F. Stover, speaking each evening at 7:30 on the theme, "The Outstretched Hands of Jesus."

The topics for the messages are: Sunday, "Pierced Because of Me"; Monday, "Nailed to the Cross for Me"; Tuesday, "Folded in Prayer for Me"; Wednesday, "Pointed at Me"; Thursday, "Extended to Me"; Friday, "Laid on Me"; Saturday, "Going Before Me"; and Sunday, "Resurrected in Behalf of Me."

Special music will be featured each evening. Monday evening a ladies' trio from Messiah College will sing, and Saturday Mr. and Mrs. Herman Smith from York will sing.

The community is invited to participate in these services.

### GUEST TEACHER

Dr. Harold A. Dunkelberger of Gettysburg College will be the guest teacher for the Men's Bible Class at St. James Lutheran Sunday School on Sunday morning.

# Castro Jails 47 Baptist Preachers Including Two Americans; Spying Charge

By DANIEL HARKER

HAVANA (AP) — The Castro government is holding 47 Baptist preachers — including two Americans — and 13 laymen as spies for the United States.

A spokesman for the Western Cuba Baptist Convention said two-thirds of the Baptist ministers in western Cuba are in jail. Swiss Ambassador Emil Stadelhofer, who handles U.S. interests in Cuba, has not been permitted to see the arrested men.

The Americans are the Rev. Herbert Caudill, 61, head of the convention and a missionary here the past 35 years; and his son-in-law, the Rev. James David Fite, 31, of Waynesboro, Ga. SEE FAMILY TUESDAY

Their wives and relatives of the other men were notified they would be able to visit the prisoners next Tuesday.

Mrs. Caudill refused Thursday night to comment on her husband's arrest except to remark that they had "not faced any trouble before in Cuba and were dedicated to teaching and preaching."

Cuban authorities picked up seven ministers in outlying provinces some days ago. Thursday at dawn, raiding parties searched homes and churches in the Havana area, arresting 40 preachers and the 13 laymen.

Caudill was arrested at the Baptist Seminary in Havana, where he lived and taught.

## CASTRO CHARGES

Cuba's government radio charged that Caudill and the other churchmen, "working under the cloak of religion, organized a counterrevolutionary group for missions of espionage and subversion."

Caudill, a native of Clinchport, Va., returned to the United States last year for surgery on a detached retina. Dr. Arthur B. Rutledge, executive secretary of the Southern Baptist Home Mission Board, said in Atlanta, Ga., Thursday that during the months Caudill was home, he would not even discuss Cuban political matters for fear he would jeopardize his return to Cuba.

## HAS 90 CHURCHES

The Western Cuba Baptist Convention has 90 churches with an estimated 9,000 adult communicants in Havana, Matanzas, Pinar del Rio and Las Villas provinces. The Eastern Cuba Baptist Convention, affiliated with the Northern Baptists in the United States, has about 10,000 members.

## MISSIONARY TO SPEAK IN TWO CHURCHES

The Rev. Paul H. Streich, a United Church of Christ missionary in Ecuador, will speak at the Church of the Incarnation in Emmitsburg, on Saturday at 7:30 p.m. He will also be the guest speaker at the Sunday worship service of St. James Church, Littlestown R. 1, at 9 a.m. and at Incarnation Church of Emmitsburg at 10:45 a.m.

Now on furlough, Mr. Streich first went to Ecuador in 1945 as a missionary for the Board for International Missions of the Evangelical and Reformed Church, which united with the Congregational Christian Churches in 1957 to form the United Church of Christ.

In Ecuador, the Rev. Mr. Streich serves under the United Andean Indian Mission, supported by the Evangelical United Brethren, Presbyterian Church, U.S.A., United Presbyterian Church, U.S.A., and the United Church of Christ.

Mr. Streich was stationed at Cayas in the valley of the Cayambe Mountains, near the town of Tabacundo from 1962 to August of 1964. He was responsible for the educational, evangelistic and medical program there. Before going to Cayas, Mr. Streich served at the mission station at Hacienda Picalqui, where he was in charge of schools, a farming program and a handicraft program, and organized a cooperative for the Indians. He has also served at Uymbicho where he helped to

## Dog Is Critical From Man-Bites

YOKOHAMA, Japan (AP) — A mongrel dog was in critical condition today after being bitten by a man.

Police gave this account: Haruichi Nishimura, 35, a newspaper vendor, was passing a yard after a few drinks when the dog barked at him.

Nishimura opened the gate, caught the dog and bit it. The dog bit back.

Nishimura bit the dog again — and continued biting it.

The dog's owner, hearing the animal's howls, called police.

Police reported the dog was bitten on its legs and back. The man was bitten on his face and ears.

Officials said that although the dog got the worst of the fight, they were keeping it under watch for any signs of rabies.

## Christian Science Lesson For Sunday

The effect of our thinking on our health will be examined in this Sunday's Bible lesson, "Are Sin, Disease and Death Real?" to be read at all Christian Science Churches.

The responsive reading for the day begins with a verse from Isaiah: "Behold, I create new heavens and a new earth: And the former shall not be remembered, nor come into mind."

Related passages will be presented from the Christian Science textbook, including these lines: "Instead of God sending sickness and death, He destroys them, and brings to light immortality. . . . When Christ changes a belief of sin or of sickness into a better belief, then belief melts into spiritual understanding, and sin, disease and death disappear."

The public is invited to attend the services at 14 Baltimore St. Sunday at 10:45 a.m.

## Senator Undergoes Lengthy Surgery

COLUMBIA, S.C. (AP) — Sen. Olin D. Johnson, D-S.C., was reported in good condition today after a four-hour operation to remove an arterial blister. He should be able to leave the hospital in two or three weeks.

## GIRL MISSING SINCE MAR. 28

Efforts to locate Suzanne Kennedy, also known as Sue Marie Kennedy, 17, Abbottstown, who has been listed as missing since Sunday, March 28, continued today.

The girl, daughter of Mr. and Mrs. Gerald Kennedy, Lincolnway West, Abbottstown, was reported by two witnesses to have entered an automobile driven by a man in Hanover on the night of March 28.

Since that time her family and friends have had no information about her.

Miss Kennedy, who is five feet, eight inches tall and weighs about 170 pounds, was wearing a gold color full-length suede coat with a raccoon collar when last seen. She wore light blue slacks and a long-sleeved pink sweater, and brown oxford shoes with buckles on the sides. She has dark brown hair and brown eyes, with dusky complexion. She is described by her family as having perfect speech and perfect teeth.

She was wearing a purple birthstone ring on her left hand and a black onyx ring with a diamond on her right hand, and also had a white gold diamond wristwatch and diamond earrings, her family said.

The automobile which she was seen entering on the night she disappeared was described as a late model four-door car. Witnesses reported the driver was wearing a blue shirt or long-sleeved blue sweater and had light hair.

Anyone with information about Miss Kennedy has been asked to communicate with her parents or the Hanover police.

## Christian Science Lesson For Sunday

The effect of our thinking on our health will be examined in this Sunday's Bible lesson, "Are Sin, Disease and Death Real?" to be read at all Christian Science Churches.

The responsive reading for the day begins with a verse from Isaiah: "Behold, I create new heavens and a new earth: And the former shall not be remembered, nor come into mind."

Related passages will be presented from the Christian Science textbook, including these lines: "Instead of God sending sickness and death, He destroys them, and brings to light immortality... When Christ changes a belief of sin or of sickness into a better belief, then belief melts into spiritual understanding, and sin, disease and death disappear."

The public is invited to attend the services at 14 Baltimore St. Sunday at 10:45 a.m.

## Senator Undergoes Lengthy Surgery

COLUMBIA, S.C. (AP) — Sen. Olin D. Johnson, D-S.C., was reported in good condition today after a four-hour operation to remove an arterial blister. He should be able to leave the hospital in two or three weeks.

A surgeon said after Thursday's operation that the senator, 68, could return to Washington in six weeks if he progresses as anticipated.

A tumor was removed from his lower colon on Jan. 19.

## GIRL MISSING SINCE MAR. 28

Efforts to locate Suzanne Kennedy, also known as Sue Marie Kennedy, 17, Abbottstown, who has been listed as missing since Sunday, March 28, continued today.

The girl, daughter of Mr. and Mrs. Gerald Kennedy, Lincolnway West, Abbottstown, was reported by two witnesses to have entered an automobile driven by a man in Hanover on the night of March 28.

Since that time her family and friends have had no information about her.

Miss Kennedy, who is five feet, eight inches tall and weighs about 170 pounds, was wearing a gold color full-length suede coat with a raccoon collar when last seen. She wore light blue slacks and a long-sleeved pink sweater, and brown oxford shoes with buckles on the sides. She has dark brown hair, and brown eyes, with dusky complexion. She is described by her family as having perfect speech and perfect teeth.

She was wearing a purple birthstone ring on her left hand and a black onyx ring with a diamond on her right hand, and also had a white gold diamond wristwatch and diamond earrings, her family said.

The automobile which she was seen entering on the night she disappeared was described as a late model four-door car. Witnesses reported the driver was wearing a blue shirt or long-sleeved blue sweater and had light hair.

Anyone with information about Miss Kennedy has been asked to communicate with her parents or the Hanover police.

A building permit was issued by Burgess William G. Weaver today to the Adams County Novelty company for two new buildings to the company's plant on Carlisle street. One will be 50 by 270 foot concrete and steel building and the other an addition measuring 29 by 50 feet, the permit said. Estimated cost of the work is placed at \$75,000.

Charles Strausbaugh, Gettysburg R.D., was employed by the Adams county commissioners Wednesday as assistant farmer at the county home. He will begin his duties next week.

A modern drive-in theater will be erected in eastern Adams county and will be in operation by May 8 if plans and construction work are completed on schedule. The theater, to be known as the Cross Keys Drive-In, will be located along the Lincoln highway, just west of the Cross Keys intersection.

Attorney Charles W. Wolf today announced that he will resume the general practice of law Monday, in the offices of Attorney Raymond F. Topper, 111 Baltimore street.

The last of Gettysburg's list of lawyers serving in the armed forces to return to civilian practice, Mr. Wolf resumes after nearly eight years' absence. He closed his office, then at 106 Baltimore street, on June 1, 1942, to enter the army.

A son of Mr. and Mrs. J. Guy Wolf, East Lincoln avenue, and a graduate of Gettysburg high school, Gettysburg college and Harvard law school, Attorney Wolf recently returned from Wiesbaden, Germany, after resigning his position as attorney for the commanding general, U.S. Air Forces in Europe. He had held that post from February 27, 1947, when he was discharged from the military service in Frankfurt, Germany, to accept the position as a civilian attorney.

Winfield Horner, 69, Gettysburg R. 1, former register and recorder of Adams county, died this morning at 1:08 o'clock at the Warner hospital from a heart condition.

He served as clerk to the county commissioners from 1936 until 1940 and two terms as register and recorder from 1940 until 1948. Mr. Horner was also tax collector in Cumberland township for about 12 years.

Robert H. Sternal, son of the Rev. and Mrs. H. W. Sternal, Biglerville, has accepted a call to become associate pastor of the Moxham Evangelical Lutheran church, Johnstown.

Mr. Sternal graduated from Gettysburg college in 1947 and will graduate May 19 from the Lutheran Theological seminary. He will assume his duties about June 1.

# Today's Talk

**MISJUDGMENTS**  
All of us are misjudged at times. Delving into the thoughts of the human mind, and into the feelings of the heart, is always unwise, for only God can see there. Under such circumstances, it is best to offer no defense, for one's acts and life are the answer, and there are those who have not the ability accurately to see and judge.

You will recall that during the examination of Jesus by Pilate he was unjustly accused — but it is recorded that "he answered not a word." This great Teacher suggested a way of life that is both safe and just when He gave the admonition that we should "judge not" that we might not be judged. Also, He admonished that we should disregard the mote in another's eye while a beam existed in our own.

There is an old adage that people who live in glass houses should not throw stones. It is something to bear in mind. Who are we, anyway, that we should judge another? Better to devote our thoughts to the discovery of good and fine qualities in another, and give generous praise to that one. Such an act is uplifting all around. It makes both feel good.

The temptation, when openly misjudged, is to answer back, or resent an insinuation, but silence is the better way. Character is thereby asserted. Have you ever noted a big dog passing along the street with several little dogs barking and snapping at its heels, but with the big dog unearring, going its way? We can even learn from dumb animals!

Intelligent and understanding is the secret of all lasting friendships. In marriage it is an essential. We can overlook so much in those we love. If we didn't, all those fine qualities and secrets within that one would not be so genuinely displayed before us to our profit and satisfaction. The moment we begin to misjudge, criticize, or humiliate another, we begin to lose that one's affection and interest. And we shrink in character stature, as well.

Hide any prize you may receive, Lest you the gaudy thing deceive. For, seeing it upon the shelf, You may begin to praise yourself. Rejoice when victory you've won, But with tomorrow's rising sun, Remember, comes another test You'll lose unless you do your best.

president of the seminary, may have been planted by Dr. Simon Schmucker and Dr. Charles Philip Krauth, who resided in the two houses when the seminary was established, local seminary officials believe.

Due to their condition, the trees were endangering the houses and pedestrians during windstorms. Nearly every storm caused limbs of the trees to fall. Saturday a large part of one of the trees crashed to the ground close to the porch of Doctor Wentz's home.

Clinging to two of the trees at Doctor Wentz's home was a vine brought from Falkenstein in Germany 60 years ago by Dr. C. H. Sharrett, who gave the vine to his pastor in Frederick, and the pastor then brought part of it here and it was planted to grow on the two trees.

# CITES NEED FOR LAWS ON POLLUTION

By DAVE LEHERR  
Associated Press Writer

HARRISBURG (AP) — The chairman of the House fisheries committee said today there is an urgent need for separate clean streams legislation to deal with the problem of abandoned coal mines.

"It is a proven fact that the off-flow of abandoned mines is one of the major sources of pollution in Pennsylvania today," said Rep. Thomas J. Foerster, D-Allegheny.

But Foerster added he does not feel the problem should be handled as part of a bill already before the House and being examined by his committee which would toughen the state's approach to clean streams enforcement.

"Efforts to seal off abandoned mines will cost millions of dollars and should be proposed in a separate bill," Foerster said, noting that there is no provision for abandoned mines in the already proposed bill.

The problem of off-flow from abandoned mines was emphasized Thursday at the third in a series of five hearings planned by the fisheries committee to consider legislation on clean streams.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

A building permit was issued by Burgess William G. Weaver today to the Adams County Novelty company for two new buildings to the company's plant on Carlisle street. One will be 50 by 270 foot concrete and steel building and the other an addition measuring 29 by 50 feet, the permit said. Estimated cost of the work is placed at \$75,000.

Charles Strousbaugh, Gettysburg R.D., was employed by the Adams county commissioners Wednesday as assistant farmer at the county home. He will begin his duties next week.

A modern drive-in theater will be erected in eastern Adams county and will be in operation by May 8 if plans and construction work are completed on schedule. The theater, to be known as the Cross Keys Theater, will be located along the Lincoln highway, just west of the Cross Keys intersection.

Attorney Charles W. Wolf today announced that he will resume the general practice of law Monday, in the offices of Attorney Raymond F. Topper, 111 Baltimore street.

The last of Gettysburg's list of lawyers serving in the armed forces to return to civilian practice, Mr. Wolf resumes after nearly eight years' absence. He closed his office, then at 106 Baltimore street, on June 1, 1942, to enter the army.

A son of Mr. and Mrs. J. Guy Wolf, East Lincoln avenue, and a graduate of Gettysburg high school, Gettysburg college and Harvard Law school, Attorney Wolf recently returned from Wiesbaden, Germany, after resigning his position as attorney for the commanding general, U.S. Air Forces in Europe. He had held that post from February 27, 1947, when he was discharged from the military service in Frankfurt, Germany, to accept the position as a civilian attorney.

Winfield Horner, 69, Gettysburg R. 1, former register and recorder of Adams county, died this morning at 1:08 o'clock at the Warner hospital from a heart condition.

He served as clerk to the county commissioners from 1936 until 1940 and two terms as register and recorder from 1940 until 1948. Mr. Horner was also tax collector in Cumberland township for about 12 years.

Robert M. Sternat, son of the Rev. and Mrs. H. W. Sternat, Biglerville, has accepted a call to become associate pastor of the Moxham Evangelical Lutheran church, Johnstown.

Mr. Sternat graduated from Gettysburg college in 1947 and will graduate May 19 from the Lutheran Theological seminary. He will assume his duties about June 1.

Mr. and Mrs. Mahlon P. Hartzell Jr., 44 East Lincoln Avenue, announce the birth of a son, James Jerome, at the Warner Hospital today at 8:46 a.m. The baby weighed six pounds, 15 ounces. This is the couple's first child. Mrs. Hartzell is the former Jean Anne Miller of Freeport Long Island. Mr. Hartzell is employed by The Times and News Publishing company.

Eight 120-year-old alantus trees at the local seminary are being removed due to their brittle condition resulting from old age.

The stately trees, five of which were in front of the home of Dr. Ralph D. Heim and three at the home of Dr. A. R. Wentz,

## Today's Talk

### MISJUDGMENTS

All of us are misjudged at times. Delving into the thoughts of the human mind, and into the feelings of the heart, is always unwise, for only God can see there. Under such circumstances, it is best to offer no defense, for one's acts and life are the answer, and there are those who have not the ability accurately to see and judge.

You will recall that during the examination of Jesus by Pilate he was unjustly accused — but it is recorded that "he answered not a word." This great Teacher suggested a way of life that is both safe and just when He gave the admonition that we should "judge not" that we might not be judged. Also, He admonished that we should disregard the mote in another's eye while a beam existed in our own.

There is an old adage that people who live in glass houses should not throw stones. It is something to bear in mind. Who are we, anyway, that we should judge another? Better to devote our thoughts to the discovery of good and fine qualities in another, and give generous praise to that one. Such an act is uplifting all around. It makes both feel good.

The temptation, when openly misjudged, is to answer back, or resent an insinuation, but silence is the better way. Character is thereby asserted. Have you ever noted a big dog passing along the street with several little dogs barking and snapping at its heels, but with the big dog uncaring, going its way? We can even learn from dumb animals!

Intelligent and understanding is the secret of all lasting friendships. In marriage it is an essential. We can overlook so much in those we love. If we didn't, all those fine qualities and secrets within that one would not be so genuinely displayed before us to our profit and satisfaction. The moment we begin to misjudge, criticize, or humiliate another, we begin to lose that one's affection and interest. And we shrink in character stature, as well.

### ON BOASTING

My father told me not to boast. That was a trait he hated most. Said he: "Remember, life long through

Your best you are supposed to do, And when your work is good 'twill show

So clearly all who see will know; But keep in mind when praise you've won, Tomorrow's task must still be done.

Hide any prize you may receive, Let you the gaudy thing deceive. For, seeing it upon the shelf, You may begin to praise yourself. Rejoice when victory you've won, But with tomorrow's rising sun, Remember, comes another test. You'll lose unless you do your best.

president of the seminary, may have been planted by Dr. Simon Schmucker and Dr. Charles Philip Krauth, who resided in the two houses when the seminary was established, local seminary officials believe.

Due to their condition, the trees were endangering the houses and pedestrians during windstorms. Nearly every storm caused limbs of the trees to fall. Saturday a large part of one of the trees crashed to the ground close to the porch of Doctor Wentz's home.

Clinging to two of the trees at Doctor Wentz's home was a vine brought from Falkenstein in Germany 60 years ago by Dr. C. H. Sharrett, who gave the vine to his pastor in Frederick, and the pastor then brought part of it here and it was planted to grow on the two trees.

## CITES NEED FOR LAWS ON POLLUTION

By DAVE LEHERR

Associated Press Writer

HARRISBURG (AP) — The chairman of the House fisheries committee said today there is an urgent need for separate clean streams legislation to deal with the problem of abandoned coal mines.

"It is a proven fact that the off-flow of abandoned mines is one of the major sources of pollution in Pennsylvania today," said Rep. Thomas J. Foerster, D-Allegheny.

But Foerster added he does not feel the problem should be handled as part of a bill already before the House and being examined by his committee which would toughen the state's approach to clean streams enforcement.

"Efforts to seal off abandoned mines will cost millions of dollars and should be proposed in a separate bill," Foerster said, noting that there is no provision for abandoned mines in the already proposed bill.

The problem of off-flow from abandoned mines was emphasized Thursday at the third in a series of five hearings planned by the fisheries committee to consider legislation on clean streams.

## JOURNALISM HONORS ARE HANDED OUT

CHICAGO (AP)—Sigma Delta Chi, the honorary journalism society, has cited a Scranton, Pa., newspaperman, a Philadelphia photographer, and a Pittsburgh television station for distinguished service in journalism.

In issuing its annual awards Thursday, the society cited J. Harold Brislin, of the Scranton-Tribune for general reporting; Dom Ligato of the Philadelphia Bulletin for news photography; and KDKA-TV, Pittsburgh, for television editorializing.

The winners will receive medallions at an awards dinner in Philadelphia, May 8, at which the main speaker will be Paul Miller, president of the Gannett Newspapers and The Associated Press.

### 2 DOUBLE WINNERS

The society also named two double winners: J. O. Emmerich, editor and publisher of the McComb (Miss.) Enterprise-Journal, was honored for editorial writing and his newspaper was cited for efforts that "brought public support for an honorable and legal course

## Rabbit Farms Aid Cuban Food Crisis

MIAMI, Fla. (AP) — The Fidel Castro government is reported turning to rabbits to help offset a meat shortage. The Cuban Economists Association in exile said rabbits on a farm established in eastern Cuba had multiplied from 150 to 615 in four months.

The government was so heartened it started three new bunny ranches, the report added.

## Snuff Users Risk Danger Of Cancer

WASHINGTON (AP) — If you're planning on taking up snuff dipping because you think it's safer than smoking, you won't get any encouragement from the National Institutes of Health.

Dr. James A. Shannon, director of the institutes, told a House Appropriations subcommittee the custom prevalent in parts of the country of holding a wad of snuff under the lip has been linked to a high rate of lip cancer.

The first program, Monday at 10 p.m. on Channel 33, is a one-hour special program presenting the highlights of the recent three-day international convocation. Featured is the address by Vice-President Hubert Humphrey at the opening ceremonies. George Kennan, former U.S. ambassador to Russia and Yugoslavia, and Dr. Adam Schaff, member of the United Workers' Party of Poland, discuss the requirements for peace in Europe.

Members of the Gettysburg High School clarinet quartet, to perform this evening in the Gettysburg High School Band's spring concert, are, from left to right, Barbara Zeigler, Ralph Bowersox, Barbara Clapper and Robert Deitch. The concert is under the direction of Roger L. Parsels and will begin at 8 p.m. in the junior high auditorium.

## Warriors Defeated In First Game At Delone 4-1; Play At New Oxford On Tuesday

A three-run fourth inning carried the Delone Catholic High School baseball team to a 4-1 victory over Gettysburg High Thursday afternoon at McSherrystown. It was the opener for the Warriors while the Squires have now evened their record at 1-1.

Delone tallied a run in the first inning. Wagner singled with one out, moved ahead on a sacrifice and tallied after two errors.

In the big fourth Klunk walked. McKim was safe on a fielder's choice as Klunk advanced on an error. J. Keffer and D. Keffer walked forcing home Klunk. Smith and Wagner followed with singles as each drove a runner across.

### GET LONE RUN

Don Young's outfit scored its lone tally in the fifth. With one out, John Heiser singled. Tony Bushey moved him to second base on his infield out. Tom Weikert rapped a double, the only extra base hit of the game, to send Heiser home. Larry White skied to center to end the rally.

The only other hit off Keffer was a single in the first inning by White.

Mike Herring pitched the first four innings for Gettysburg and was charged with the loss. Scott Cook turned in two fine innings of relief, yielding only a single to McKim.

Next Tuesday the Warriors play at New Oxford when the Adams County League campaign gets underway. Delone was scheduled to play at Littlestown today.

## Maris Files Suit For \$310,000

FORT LAUDERDALE, Fla. (AP) — Roger Maris of the New York Yankees wants \$310,000 in damages from a man who charged him with assault during a tavern brawl.

Maris filed the suit Thursday against Jerome Modzelewski, 25, who brought the assault and battery charge.

Maris was acquitted. He says the incident caused him great aggravation, harmed his reputation and cost him money in bail, travel and attorney fees.

Modzelewski brought identical charges against Maris' teammate, Cleto Boyer, contending he was roughed up outside Nick's Lounge April 1 when he sought an apology for remarks he said the ball players made. Boyer faces trial May 11.

## AMERKS WHIP ACES 5 TO 2

By THE ASSOCIATED PRESS  
The Rochester Americans never have won the American Hockey League Calder Cup playoffs. This may be their year.

The Amerks qualified for the final series by whipping the Quebec Aces 5-2 Thursday night before a capacity crowd of 7,454 at Rochester. The victory gave the Amerks the best-of-7 semifinal series, 4-1.

The Americans reached the Calder Cup finals in 1957 and 1960, but lost to Cleveland and Springfield, respectively. Their opponent this year will be either the Buffalo Bisons or the Hershey Bears, who open a best-of-5 semifinal series Saturday night in Buffalo.

With Quebec minus its top two defensemen — Doug Harvey and Jim Morrison — because of injuries, Rochester had a relatively easy time against the Aces.

Three goals in the first seven minutes of play by Jimmy Pappin, Stan Smrke and Gerry Ehman put the Amerks on top and they dominated play throughout.

Bill Sutherland spoiled goalie Jerry Cheevers' bid for a shut-out by scoring Quebec's first goal early in the last period. Terry Gray got Quebec's other goal following one for Rochester by Horvath and Dick Gamble.

PHILADELPHIA (AP) — Mayor James H. J. Tate says he believes Jerry Wolman will agree to play his Philadelphia Eagles in the city's proposed sports stadium even without exclusive rights.

Tate made the prediction Wednesday at a news conference at International Airport, moments after his return from a four-day trip to Germany.

At the same time, the mayor stood firm on his decision not to grant an exclusive lease to the National Football League club.

good about the Boston defense. But there was something awful wrong with us. We just lost the game.

**GAME TONIGHT**  
"The Celtics played a better game losing in Philadelphia than they played winning tonight."

"We lost the ball too much, we didn't get the shots, we didn't move the ball," was Schayes' capsule review.

John Havlicek and Sam Jones scored 24 points each for Boston. The Western Division playoff finals resume tonight at Baltimore with the Los Angeles Lakers meeting the Bulls in the fourth game of their best-of-7 series. The Lakers hold a 2-1 lead.

## ORTEGA HURLS SENATORS TO TOP OF HEAP

By MURRAY CHASS  
Associated Press Sports Writer  
The Care package Los Angeles shipped to Washington appears to be waging an effective war on the Senators' poverty.

Currently spearheading the attack is Phil Ortega, a 25-year-old Mexican-American pitcher.

Ortega, part of the Care package from the Dodgers, helped spark the Senators to an 8-3 victory over Baltimore and to the top of the American League's exhibition baseball standings Thursday.

The right-hander was one of five players the Dodgers gave the Senators for pitcher Claude Osteen and infielder John Kennedy last December.

**BLANKED FOR FIVE**  
Emigrating from the West Coast to the nation's capital with Ortega were infielder Ken McMullen, first baseman Dick Nen, outfielder Frank Howard and pitcher Pete Richert.

In 35 innings of spring pitching, the Senators' busiest hurler has compiled a 1.91 earned run average, best on the team. He has permitted only two runs and seven hits in the last 18 innings.

In his final tuneup for the season's opener against Boston next Monday, Ortega blanked the Orioles for five innings before Nick Willhite, another ex-Dodger, completed the six-hitter by allowing all three Orioles runs.

McMullen collected four hits in the victory that boosted Washington's record to 11-10.

**TRADE BY CARDS**  
In another development Thursday, St. Louis traded pitcher Bob Humphreys to the Chicago Cubs for two minor leaguers, infielder Bobby Pfeil and pitcher Harold Gibson.

The Cardinals whipped the New York Mets 6-1 as Curt Flood rapped three singles and a double and Ken Boyer two doubles and a single.

Stan Williams helped pitch and bat Cleveland to a 4-1 victory over San Francisco. The former Yankee allowed four hits in six innings and scored in the fourth after singling.

**TWINS LOSE 6TH**  
The Yankees stopped Milwaukee 6-1 behind the three-run homers of Joe Pepitone in the sixth and Johnny Blanchard in the ninth.

Deron Johnson drove in three runs and Frank Robinson two, leading Cincinnati past the Chicago White Sox 5-1. Chicago's Tommy Agee suffered a broken bone in his right hand in the game and will be out of action for a month.

Kansas City ended a nine-game losing string with an 8-4 triumph over Minnesota. Bill Bryan sparked the A's with a grand slam homer as the Twins lost their sixth straight.

Jacksonville, champions of the International League, topped the Dodgers 4-1 while rain washed out the Cubs and Boston.

## Loses Golf Clubs On Visit To LBJ

WASHINGTON (AP) — General Manager George Selkirk of the Washington Senators had his golf clubs stolen Thursday while calling on President Johnson at the White House.

But the thief — if he's right-handed, is in for a frustrating time. Selkirk is a lefty.

Selkirk said the clubs were stolen from his car while he was with a delegation that delivered to Johnson a pass good for all this season's major league baseball games.

## VICTORIOUS TRACK TEAM COMING HOME

BERLIN (AP) — America's all-conquering track team, with victories over English and German teams and three world marks to its credit, prepared to return to the United States today.

Mike Larrabee, a school teacher from Fillmore, Calif., was the latest claimant to a world indoor mark with a 46.8 mark in the 400 meters Thursday night, almost a full second under the listed record of 47.7.

Larrabee, who won the 400-meter gold medal in the Tokyo Olympics, added his record to those set earlier by Ted Nelson, Canoga Park, Calif., and Janell Smith, Fredonia, Kan., in the two-day meet.

Nelson clipped off a 1:47.4 time for the 800 meters and was awarded a special trophy by West Berlin Mayor Willy Brandt, then ran on a victorious U.S. relay team. Miss Smith won the women's 400 meters in 54 flat, and improvement of 1.6 seconds on the listed record.

Those performances helped the United States to a whopping 101-56 victory for the men, while the American girls won their two-day match 61-52.

## PHILLIES HOPE DICK STUART'S PAGE STEPS UP

MOBILE, Ala. (AP) — Dick Stuart on spring training hitting: "I like to get my hits when they count."

Gene Mauch on Dick Stuart: "Dick has never been a good spring hitter."

The general consensus around the Philadelphia Phillies' training camp, as they move north from Florida, is that slugging first baseman Stuart will be feeling his oats when the official National League season opens soon. But not now.

"Hitters like Stuart, who are established, usually find their level," said Mauch. "He'll hit. I know he will."

**BATTING .250**  
So far, Stuart has been living up to his spring image. His .250 batting average includes only two long distance pokes and 9 runs batted in.

Even though Mauch says he feels certain Stuart will be hitting the ball well once the season gets underway, he said he'd be happier if he were "pulling a few more balls."

"I'd like to see him getting around more on the ball," Mauch said. "He looks like he's almost afraid of it."

Generally, the club's spring doesn't have Mauch overwhelmed. But the good hitters will come through when it counts says Mauch.

"Like I've always said, 300 hitters will hit .300 and .280 hitters will hit .280 and you can count on it most of the time," the manager added.

## Africa's Gary Player In Lead After First Round Of Masters With 7 Under Par

AUGUSTA, Ga. (AP) — A putting tip from American Ed Furgol has helped move South Africa's Gary Player in front of the hottest band of shooters in the history of the prestige-laden Masters Golf Tournament today.

The 5-foot-7, 153-pound muscle man fired a seven-under-par 32-33-65 at a course he called "The Monster" and still wound up only two strokes in front of a formidable American quartet of favored Jack Nicklaus, Tony Lema, Dan Sikes and Tommy Aaron.

**TREMENDOUS TASK**  
Even with that 65 — one stroke behind the course and Masters record of 64 set in the opening round by second place finisher Lloyd Mangrum in 1940 — the chipper South African had a tremendous task ahead of him if he hoped to duplicate his 1961 Masters victory.

The elite field of 91 of the world's best pro and amateur golfers relentlessly hammered the proud par 36-72, 6,980-yard course of the Augusta National Golf Course from the opening first round shots in the morning until Player came roaring home around 6 p.m. on a hot and perfect day for golf.

**33 UNDER PAR**  
Thirty-three players were under par and 44 were par or better as the stars treated the layout as if it was a short public links course. The lush, slow greens, which may become faster and trickier before the 72-hole winds up on Sunday, and virtually no wind, helped make the course easier.

In all, 11 players shot 69s or better, nine had 70s, including defending champion and four-times winner Arnold Palmer, 13 had 71s and 11 matched par 72.

The previous record smashing assault on this magnificent course with its wide fairways and rolling greens was in 1958 when 17 bettered par and 31 at least tied it.

He required only 30 putts, using a putter he bought for \$50 in Tokyo Garish Ginza, and a stance suggested by Furgol, the former U.S. Open champion from Export, Pa., only last weekend.

"I was playing well but putting poorly in the greensboro open last week," said Player at a press conference after his brilliant round. "Ed Furgol came by and said, 'Why not try this?'"

"He suggested several things. My blade was not facing the hole. He made me change my grip and told me to hold the club firmer with my left hand."

Asked if he thought the Masters' record of 274 set by Ben Hogan in 1953 would fall, Player said: "Records in any sport will be broken. The weather has a lot to do with it. To break 274 you must have perfect weather conditions to do it as Hogan did."

He named Nicklaus as the most likely candidate to eclipse the record.

TORONTO (AP) — Clarence Campbell, 60-year-old president of the National Hockey League, was resting comfortably in a hospital today after suffering an attack from peptic ulcers Thursday. He will remain there about a week.

## Warriors Defeated In First Game At Delone 4-1; Play At New Oxford On Tuesday

A three-run fourth inning carried the Delone Catholic High School baseball team to a 4-1 victory over Gettysburg High Thursday afternoon at McSherrystown. It was the opener for the Warriors while the Squires have now evened their record at 1-1.

Delone tallied a run in the first inning. Wagner singled with one out, moved ahead on a sacrifice and tallied after two errors.

In the big fourth Klunk walked. McKim was safe on a fielder's choice as Klunk advanced on an error. J. Keffer and D. Keffer walked forcing home Klunk. Smith and Wagner followed with singles as each drove a runner across.

### GET LONE RUN

Don Young's outfit scored its lone tally in the fifth. With one out, John Heiser singled. Tony Bushey moved him to second base on his infield out. Tom Weikert rapped a double, the only extra base hit of the game, to send Heiser home. Larry White skied to center to end the rally.

The only other hit off Keffer was a single in the first inning by White.

Mike Herring pitched the first four innings for Gettysburg and was charged with the loss. Scott Cook turned in two fine innings of relief, yielding only a single to McKim.

Next Tuesday the Warriors play at New Oxford when the Adams County League campaign gets underway. Delone was scheduled to play at Littlestown today.

## Maris Files Suit For \$310,000

FORT LAUDERDALE, Fla. (AP) — Roger Maris of the New York Yankees wants \$310,000 in damages from a man who charged him with assault during a tavern brawl.

Maris filed the suit Thursday against Jerome Modzelewski, 25, who brought the assault and battery charge.

Maris was acquitted. He says the incident caused him great aggravation, harmed his reputation and cost him money in bail, travel and attorney fees.

Modzelewski brought identical charges against Maris' teammate, Clete Boyer, contending he was roughed up outside Nick's Lounge April 1 when he sought an apology for remarks he said the ball players made.

Boyer faces trial May 11.

## BILL RUSSELL LEADS CELTICS TO SECOND WIN

By BOB HOOBING

BOSTON (AP) — Boston's Bill Russell has successfully made a surprise raid on Wilt Chamberlain's domain — scoring.

As a result, the Celtics beat Philadelphia 112-94 in the Eastern Division playoff finals Thursday night. They lead the best-of-7 National Basketball Association series 2-1 moving into game No. 4 on the 7ers' court tonight.

"Russell really beats us with those tap-ins and he did a great job on the offensive boards," said Chamberlain. "Heck, yes, he surprised me the way he scored early in the game. But I don't know what I could do about it."

HELD WILT DOWN

Russell, blaming his sub-par performance for the second game defeat, scored 12 of his 19 points as Boston jumped off to a 34-27 first quarter lead Thursday night. He held the 7-foot-1 Chamberlain without a field goal until there were eight seconds left in the first half.

By intermission Russell had outscored Wilt 15-8 and there was speculation as to when The Defender had topped The Scorer at his own game in this war of the pivots.

Chamberlain finished ahead 24-19 in the game and 37-26 in rebounds but the damage had been done. Russell had the better shooting average, a 9-7 edge in field goals, 8-1 bulge in assists, and was ahead 3-1 in steals.

CREDIT TO RUSSELL

"Boston really put us in the hole early the way Russell was getting those offensive rebounds, going to the board and tapping in the ball," said Philadelphia Coach Dolph Schayes.

"Yes, I'd say it's my best game of the series," said Russell. That remains me of the guy Tuesday night who asked me if I thought Wilt outplayed me. I asked him, 'where were you?'

"This was not the best game for the Celtics," said Boston Coach Red Auerbach, slumped in a chair suffering from an asthmatic attack. "More guys played better in the first game. Russell did play better. He got a little sleep for the first time this week."

"SOMETHING WRONG

"Philadelphia is still tough. When you get in there with them you know you've been in a game."

When told the 7ers lost the ball 20 times on errors in the first half, Chamberlain shot back: "That means we wasted a potential 80 points."

"Yes, I have to say something

## AMERKS WHIP ACES 5 TO 2

By THE ASSOCIATED PRESS

The Rochester Americans never have won the American Hockey League Calder Cup playoffs. This may be their year.

The Amerks qualified for the final series by whipping the Quebec Aces 5-2 Thursday night before a capacity crowd of 7,454 at Rochester. The victory gave the Amerks the best-of-7 semifinal series, 4-1.

The Americans reached the Calder Cup finals in 1957 and 1960, but lost to Cleveland and Springfield, respectively. Their opponent this year will be either the Buffalo Bisons or the Hershey Bears, who open a best-of-5 semifinal series Saturday night in Buffalo.

With Quebec minus its top two defensemen — Doug Harvey and Jim Morrison — because of injuries, Rochester has a relatively easy time against the Aces.

Three goals in the first seven minutes of play by Jimmy Pappin, Stan Smrke and Gerry Ehman put the Amerks on top and they dominated play throughout.

Bill Sutherland spoiled goalie Jerry Cheevers' bid for a shut-out by scoring Quebec's first goal early in the last period. Terry Gray got Quebec's other goal following ones for Rochester by Horvath and Dick Gamble.

PHILADELPHIA (AP)—Mayor James H. J. Tate says he believes Jerry Wolman will agree to play his Philadelphia Eagles in the city's proposed sports stadium even without exclusive rights.

Tate made the prediction Wednesday at a news conference at International Airport, moments after his return from a four-day trip to Germany.

At the same time, the mayor stood firm on his decision not to grant an exclusive lease to the National Football League club.

good about the Boston defense. But there was something awfully wrong with us. We just lost the game.

GAME TONIGHT

"The Celtics played a better game losing in Philadelphia than they played winning tonight."

"We lost the ball too much, we didn't get the shots, we didn't move the ball," was Schayes' capsule review.

John Havlicek and Sam Jones scored 24 points each for Boston.

The Western Division playoff finals resume tonight at Baltimore with the Los Angeles Lakers meeting the Bulls in the fourth game of their best-of-7 series. The Lakers hold a 2-1 lead.

The U.S. ammunition stockpile totals over 3.1 million tons.

## ORTEGA HURLS SENATORS TO TOP OF HEAP

By MURRAY CHASS

Associated Press Sports Writer

The Care package Los Angeles shipped to Washington appears to be waging an effective war on the Senators' poverty.

Currently spearheading the attack is Phil Ortega, a 25-year-old Mexican-Indian descent.

Ortega, part of the Care package from the Dodgers, helped spark the Senators to an 8-3 victory over Baltimore and to the top of the American League's exhibition baseball standings Thursday.

The right-hander was one of five players the Dodgers gave the Senators for pitcher Claude Osteen and infielder John Kennedy last December.

BLANKED FOR FIVE

Emigrating from the West Coast to the nation's capital with Ortega were infielder Ken McMullen, first baseman Dick Nen, outfielder Frank Howard and pitcher Pete Richert.

In 35 innings of spring pitching, the Senators' busiest hurler has compiled a 1.91 earned run average, best on the time. He has permitted only two runs and seven hits in the last 18 innings.

In his final tuneup for the season's opener against Boston next Monday, Ortega blanked the Orioles for five innings before Nick Willitte, another ex-Dodger, completed the six-hitter by allowing all three Orioles runs.

McMullen collected four hits in the victory that boosted Washington's record to 11-10.

TRADE BY CARDS

In another development Thursday, St. Louis traded pitcher Bob Humphreys to the Chicago Cubs for two minor leaguers, infielder Bobby Pfeil and pitcher Harold Gibson.

The Cardinals whipped the New York Mets 6-1 as Curt Flood rapped three singles and a double and Ken Boyer two doubles and a single.

Stan Williams helped pitch and bat Cleveland to a 4-1 victory over San Francisco. The former Yankee allowed four hits in six innings and scored in the fourth after singling.

TWINS LOSE 6TH

The Yankees stopped Milwaukee 6-1 behind the three-run homers of Joe Pepitone in the sixth and Johnny Blanchard in the ninth.

Deron Johnson drove in three runs and Frank Robinson two, leading Cincinnati past the Chicago White Sox 5-1. Chicago's Tommy Agee suffered a broken bone in his right hand in the game and will be out of action for a month.

Kansas City ended a nine-game losing string with an 8-4 triumph over Minnesota. Bill Bryan sparked the A's with a grand slam homer as the Twins lost their sixth straight.

Jacksonville, champions of the International League, topped the Dodgers 4-1 while rain washed out the Cubs and Boston.

## Loses Golf Clubs On Visit To LBJ

WASHINGTON (AP) — General Manager George Selkirk of the Washington Senators had his golf clubs stolen Thursday while calling on President Johnson at the White House.

But the thief — if he's right-handed, is in for a frustrating time. Selkirk is a lefty.

Selkirk said the clubs were stolen from his car while he was with a delegation that delivered to Johnson a pass good for all this season's major league baseball games.

## VICTORIOUS TRACK TEAM COMING HOME

BERLIN (AP) — America's all-conquering track team, with victories over English and German teams and three world marks to its credit, prepared to return to the United States today.

Mike Larrabee, a school teacher from Fillmore, Calif., was the latest claimant to a world indoor mark with a 46.8 mark in the 400 meters Thursday night, almost a full second under the listed record of 47.7.

Larrabee, who won the 400-meter gold medal in the Tokyo Olympics, added his record to those set earlier by Ted Nelson, Canoga Park, Calif., and Janell Smith, Fredonia, Kan., in the two-day meet.

Nelson clipped off a 1:47.4 time for the 800 meters and was awarded a special trophy by West Berlin Mayor Willy Brandt, then ran on a victorious U.S. relay team. Miss Smith won the women's 400 meters in 54 flat, and improvement of 1.6 seconds on the listed record.

Those performances helped the United States to a whopping 101-56 victory for the men, while the American girls won their two-day match 61-52.

## Africa's Gary Player In Lead After First Round Of Masters With 7 Under Par

## Sermon For The Week

REV. DR. PAUL E. COOPER  
Pastor, Memorial EUB Church  
MORE THAN CONQUERORS  
Rom. 8:37 — "In all these things

we are more than conquerors through Him who loved us."

The Apostle Paul had just listed a number of experiences that life meets up with, like "tribulation, distress, persecution, famine, nakedness, peril and sword." Then he says "in all these things we are more than conquerors."

What is it to be more than conquerors? How does Christ help us to achieve such a victory?

For one thing He helps us to get the feel of victory in the midst of strife. Jesus had it. In His darkest hour He said to His disciples: "Be of good cheer, I have overcome the world."

A person is more than a conqueror when he has the courageous faith to be certain of victory before it becomes visible to others. This is what the Master imparts to the trusting soul.

He also makes His followers more than conquerors by imparting to them a surplus strength. It was this that the Apostle Paul experienced and was giving testimony to the reality of it. To be more than conquerors is to come through our testings with a vitality of spirit ready to tackle the next temptation or hardship. It is to have the strength able to carry our virtues with an easy grace which makes goodness attractive to others.

A third way in which Christ helps His followers to be more than conquerors is to encourage them to follow up their victories. To survive defeats is a real achievement, but to survive victories is even harder. Many a victory has ended in future defeat. Wordly men and worldly things cannot stand success.

Only godly men and godly things can survive victories. This is so because of the radiant, joyous spirit that results. Such come through with the knowledge of the One Who loved us and gave Himself for us. It was this truth that gave the Apostle Paul such a continuous note of victory in all his life.

The feeling of being loved by someone is what can keep a person radiant and strong and not bitter in conflict. It was this feeling of being loved that sustained Paul. It was the love that he had for Christ that made him more than a conqueror over all these things.

tor. Masses at 7 and 9:30 a.m.; confessions at 9 a.m. Saturday, confessions from 4 to 5, and 6 to 7 p.m.

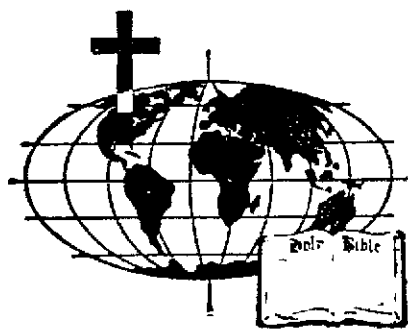

**Salem EUB, Goldens.** Rev. Paul Shettle, pastor. Sunday School at 9:30 a.m.; worship with reception of new members at 10:30 a.m.; Youth Fellowship, WWSW and Men's Brotherhood at 7 p.m.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Sermon For The Week

REV. DR. PAUL E. COOPER  
Pastor, Memorial EUB Church  
MORE THAN CONQUERORS  
Rom. 8:37 — "In all these things

we are more than conquerors through Him who loved us." The Apostle Paul had just listed a number of experiences that life meets up with, like "tribulation, distress, persecution, famine, nakedness, peril and sword." Then he says "in all these things we are more than conquerors."

What is it to be more than conquerors? How does Christ help us to achieve such a super-victory?

For one thing He helps us to get the feel of victory in the midst of strife. Jesus had it. In His darkest hour He said to His disciples: "Be of good cheer, I have overcome the world."

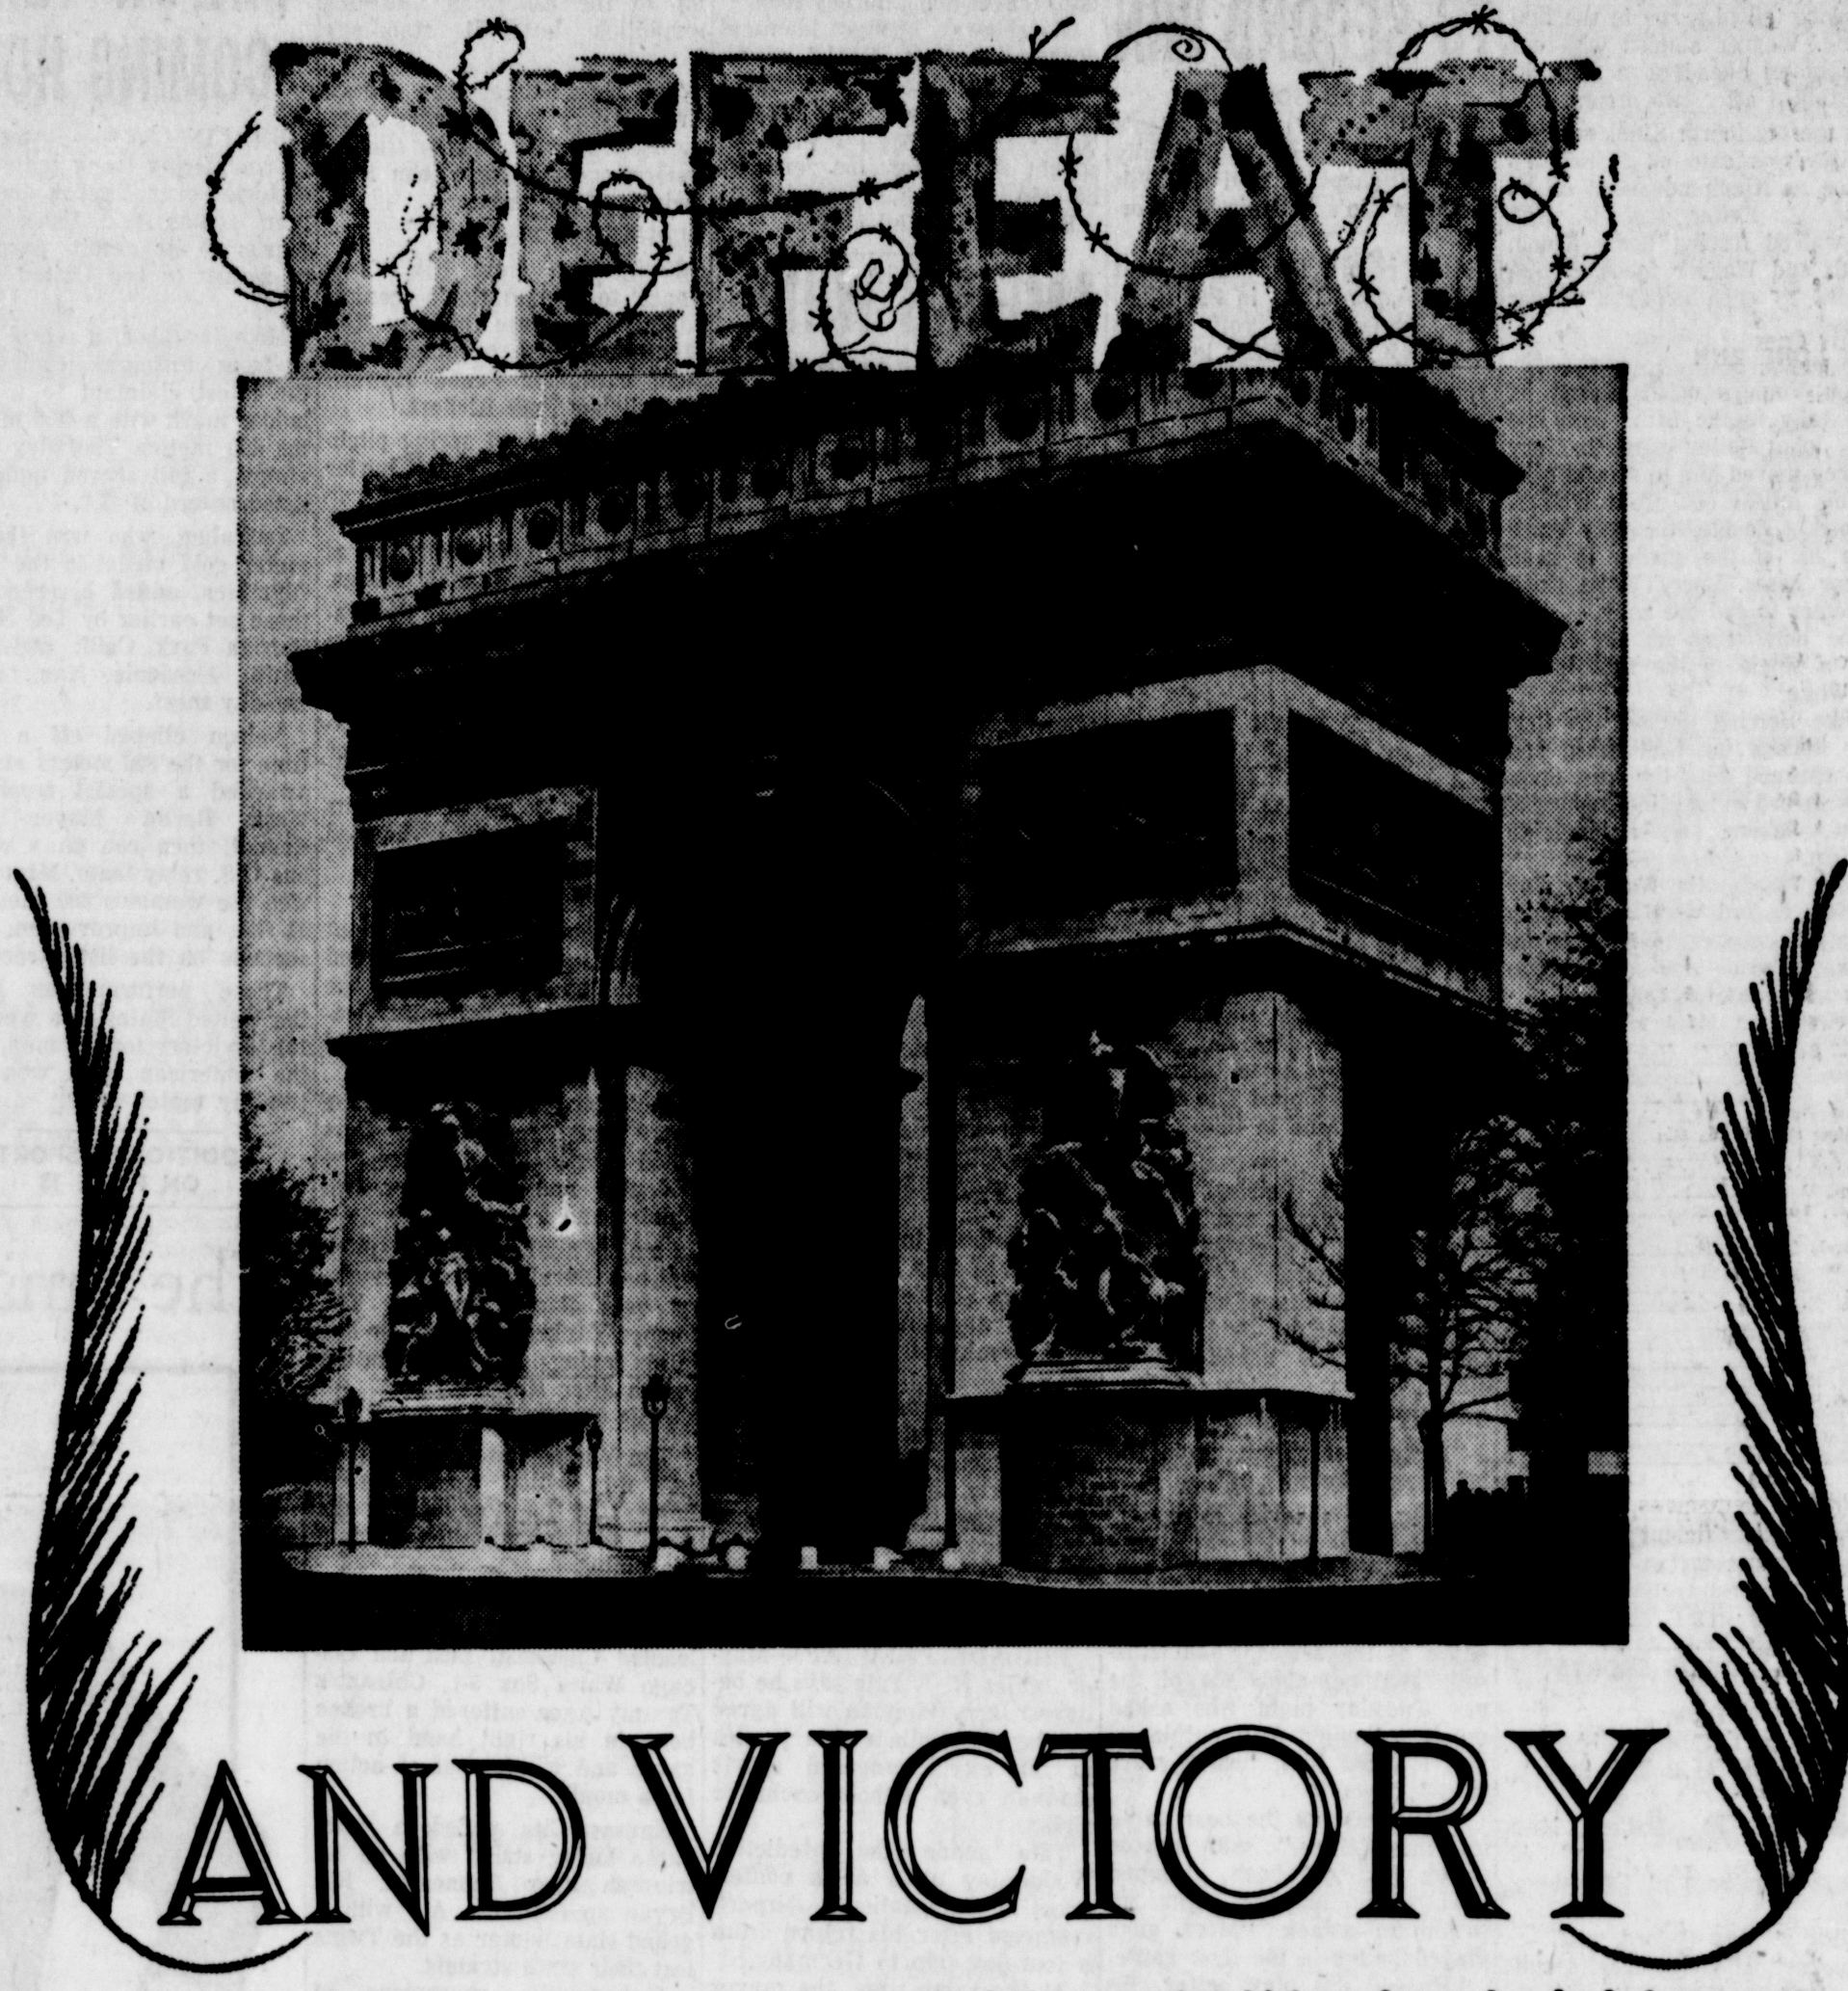

A person is more than a conqueror when he has the courageous faith to be certain of vic-

tory before it becomes visible to others. This is what the Master imparts to the trusting soul.

### SURPLUS STRENGTH

He also makes His followers more than conquerors by imparting to them a surplus strength. It was this that the Apostle Paul experienced and was giving testimony to the reality of it. To be more than conquerors is to come through our testings with a vitality of spirit ready to tackle the next temptation or hardship. It is to have the strength able to carry our virtues with an easy grace which makes goodness attractive to others.

A third way in which Christ helps His followers to be more than conquerors is to encourage them to follow up their victories. To survive defeats is a real achievement, but to survive victories is even harder. Many a victory has ended in future defeat. Wordly men and worldly things cannot stand success. Only godly men and godly things can survive victories. This is so because of the radiant, joyous spirit that results. Such come through with the knowledge of the One Who loved us and gave Himself for us. It was this truth that gave the Apostle Paul such a continuous note of victory in all his life. The feeling of being loved by someone is what can keep a person radiant and strong and not bitter in conflict. It was this feeling of being loved that sustained Paul. It was the love that he had for Christ that made him more than a conqueror over all these things.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

One hundred sixty-two feet high and one hundred forty-seven feet wide Napoleon built his arch of triumph. Proudly it rises above the Place de l'Etoile reminding the world of an Emperor's early victories—and later defeats.

On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.

Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million churches bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of other men's blood.

Jesus bought for All Men eternal life—at the price of His Own Blood!

# SILENT MONKS ARE UPLIFTED BY HARD WORK

By AL LANIER  
MONCK'S CORNER, S.C. (AP) — The Trappist monks of Meekin Abbey lead silent lives of prayer and hard work, and it seems to uplift them physically and spiritually.

Overlooking flood rice fields of the Cooper River, the abbey's small graveyard contains only two tombstones. Beneath these lie the bodies of the mother and daughter of Clare Boothe Luce.

None of the monks has died since 1949 when Mrs. Luce and her husband, publisher Henry Luce, gave the silent brothers 3,000 acres of what had been a rich man's plantation.

**AWARE OF DEATH**  
"You would think we were under an obedience not to die," said the Rt. Rev. Dm M. Anthony Chassagne, 53, the abbot who has directed the abbey's intense devotional life and its considerable business enterprises since it was founded.

But nobody is more aware of death than Trappist monks. That is why they took a vow of silence and retired from the world—to pray for it and the souls of men who inhabit it.

**PLOT FOR MRS. LUCE**  
Also aware of it is Mrs. Luce, actress, author, playwright and Roman Catholic convert. Between the graves of her mother and her daughter, killed in separate automobile accidents, is a space where Mrs. Luce has directed that she be buried.

The Trappist monks, known formally as Cistercians of the Strict Observance, reserve their spoken words for God. They do not speak even to each other except when absolutely necessary, and then usually by sign language.

They arise from hard cots in cell-like cubicles at 2:15 a.m. for a day that begins with prayer and finds them working at manual labor by 6:15 a.m. They retire at 7 p.m. without even the brief period of conversation allowed in most monastic orders.

**SELL PRODUCE**  
They sustain themselves by selling eggs, camellias, azaleas and lumber. By concentrating on these enterprises, and buying their simple food instead of growing it themselves, Meekin Abbey is self-sufficient but little money is left over for improvements.

The 45 monks at Meekin range in age from the early 20s to 78. Many of them are veterans of World War II or Korea who joined the order to pray for the world after experiencing the horrors of war.

After five years' trial, if the order accepts them, the monks take vows to remain until death.

There are no radios, television or newspapers, but Father Anthony once a week posts clippings of world events on a bulletin board for all to read.

ADVERTISE IN THE TIMES

## Says Saudi Arabia Will Scorn Reds

BEIRUT, Lebanon (AP) — Saudi Arabia's King Faisal was quoted today as saying his government would never recognize a Communist country.

"Recognition of any Communist state is incompatible with our religion and tradition," he said in an interview with the Beirut paper Al Jarida.

Saudi Arabia was the first country to recall its ambassador to Bonn, he said, adding, "We shall not hesitate to take any action dictated by a unified Arab stand for the sake of Palestine." He was commenting on the current West German-Arab dispute over Bonn's decision to recognize Israel.

## UCLA NAMES JEROME HINES TOP ALUMNUS

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP) — UCLA's alumnus of the year is the famed Metropolitan Opera basso Jerome Hines, who never took a music lesson at the university.

The 6-foot-6½ singer was in his old hometown this week to intone the title role of "Moses" at the Music Center and to be notified of his selection by UCLA. He is only the second entertainment-world figure (the first was choreographer Agnes De Mille) to be chosen for the annual honor, others having been Ralph Bunche, Ford Motor Co. President Arjay Miller and Atomic Energy Commission Chairman Glenn T. Seaborg.

**CHEMISTRY GRADUATE**

Hines, class of '43, graduated in chemistry. "I had thought I wanted to be a singer since I was 16," he explained. "I continued taking private singing lessons; at that time, the best opera coaches couldn't afford to work for universities. I also was interested in chemistry, mathematics and physics, and I knew they could provide a good profession to fall back on."

Hines might never have achieved his operatic triumphs if he hadn't been such an introverted lad. A shy giant already 6-foot-6 at 16, he was given vocal lessons as a device to draw him out. Teachers recognized his gift immediately.

**SOUGHT FRIEND'S AID**

His father, a movie production official, paled at raising his boy to be a singer and conspired to have a friend discourage him. The friend, Civic Light Opera boss Edwin Lester, heard Jerome's voice and instead told his father: "Mortgage your house, sell your car, do anything to give this boy opera training!" Lester also changed Jerome's name from Heinz, to avoid any reference to pickles.

The newly named Hines was signing with the San Francisco Opera at 18. In 1946 he auditioned at the Met, won the Car-

## FINLAND USES RAID SHELTERS FOR STORAGE

HELSINKI, Finland (AP) — This little country on the frontier of two worlds is building air-raid shelters with methodical, Nordic thoroughness, then converting them promptly into garages, and storehouses for trunks and suitcases.

This started in 1959 when several countries, including the United States, talked seriously about air-raid shelters.

The Finns, who have had 42 wars with the Russians through the centuries, enacted a law. It requires that every private house have a shelter and that every apartment house provide underground protection for its occupants, but not under the building itself. The result is that nearly every apartment house project has space for an underground shelter. When built, they serve as garages.

**IN SOLID ROCK**

In Helsinki they are made in solid rock because the whole city is built on a sunken mountain ledge.

Even the big government office building is building a shelter. No one seems quite sure whether any specific alarm started the bomb-shelter movement. However, one official recalled that it was around the time that Soviet Premier Khrushchev gave the West an ultimatum about signing a treaty with East Germany and expelling the Allies from Berlin.

If you ask people whether Finland is preparing for a nuclear war most of them laugh, but a few of them turn serious and say you can't take chances these days.

**REMEMBER 1939**

The Finns remember Nov. 30, 1939, when Russian bombs began falling on the city even while the Finnish Cabinet thought it was still negotiating. The raid was half over before the Finns could convince themselves that they were in a war. That made the Finns so mad they went out and gave the Russians a sound drubbing for several months until they ran out of ammunition, planes and soldiers — and had to sign an armistice. Four million can't beat 200 million.

A city planning adviser, Gor-

so Award and has been there ever since.

Hines lives in South Orange, N.J., with his wife and four young sons and makes about 40 forays into the hinterlands each year for concerts, which are "the backbone of my finances."

## Thant Applauds Johnson Speech

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant today sent President Johnson a personal message welcoming his Viet Nam speech as constructive and statesmanlike. Thant told the President he believes the statement will prove helpful.

A U.N. spokesman said the secretary-general described the President's willingness to enter into unconditional discussions on a Viet Nam settlement as in line with his own position.

Thant assured Johnson that he will continue his own efforts toward a peaceful solution.

## ARREST POLICE IN BEATING OF NEGRO CAPTIVE

COLUMBIA, S.C. (AP) — Two Prosperity police officers were arrested Thursday and charged with taking a young Negro prisoner from the Prosperity jail early Monday and beating and threatening him.

J.P. Strom, state law enforcement division chief, said policeman Philip Plampkin and night watchman L. Cornell Wise were charged with second-degree lynching — infliction of violence by a mob not resulting in death. Freddie Jackson, 18, being held on a disorderly conduct charge, was beaten and threatened at the jail early Monday by five or six men wearing Ku Klux Klan-like regalia of hoods and white robes.

Wise said the men overpowered him and took the keys to the three-room jail on the ground floor at the rear of the Town Hall at Prosperity, a small town 30 miles northwest of Columbia in Newberry County.

Jackson reported the robbers did not hurt him much, but only cuffed him.

Flat, fertile Jerba in the largest island in the entire, 2,450-mile sweep of Africa along the Mediterranean.

An Engroos, who studied architecture at Cornell University, Ithaca, N.Y., is advising on providing peaceful green space in the city. His greens run right up to the mouths of some shelters.

Some 20 apartment house shelters have been built, and two big public shelters are to be ready soon, one for 18,000 and one for 35,000. There is no exact figure on how many people could find cover now, or how much the digging has cost.

## BOYLE'S Grab Bag

By HAL BOYLE  
NEW YORK (AP) — It has been sometime since we've had a class drill in double-talk. So let's have one now.

Double-talk enables you to say what you should say in a situation, although you don't really mean it at all.

Parents use it when talking to children, and vice versa, and kids use it when talking to other kids. It's good at any age.

**FEW EXAMPLES**

Here are a few examples followed by the literal meaning:

"Just a second, Mommy." If she really wanted me right now, she'd have screamed louder.

"My daddy can lick your daddy." I've got to bluff this bully some way.

"Gee, I had my theme right in this book. It must have dropped out in the bus on the way to school." I got so sleepy watching television last night I forgot to write it.

**PARENTS EXCUSE**

"I'd be glad to help you with your homework, but your teacher said she wanted you to do it by yourself." That new arithmetic is crazy. I don't understand it at all.

"This is the very last time I'm going to tell you to get ready for bed." After that, your father can start telling you. "I don't want any dinner, Mama. I just don't feel hungry." Besides, I've got three candy bars hidden in my room. "But Mom, every other girl in my class is already wearing high heels." If she lets me buy a pair, I'll be the first in our class to have them.

"Cross my heart, I'll never do it again." I sure didn't think she'd catch me this time.

**TIME FLIES**

"I didn't know it was that time. I guess the teacher musta

## TODAY In History

By THE ASSOCIATED PRESS  
Today is Friday, April 9, the 99th day of 1965. There are 266 days left in the year.  
Today's highlight in history: On this date in 1865, Gen. Robert E. Lee surrendered his Army of Northern Virginia to Gen. U.S. Grant at Appomattox Courthouse. The surrender ended the Civil War.

On this date  
In 1682, the French explorer LaSalle reached the Gulf of Mexico after descending the length of the Mississippi River. He claimed the entire valley for Louis XIV of France.

In 1886, Congress passed a civil rights act over President Andrew Johnson's veto.

kept us late." If she ever finds out where Jimmy and I went, I'm really gonna get it.

"Quit whining. When I was your age I had to walk three miles to school." Well, three blocks anyway.

"I just feel dizzy, and my stomach hurts. Can't I stay home today?" I'm unprepared in history. English and geography.

"Honest, Elizabeth, you're my very best friend in the whole world. Whatever made you think I was best friends with Mary Anne? She's so stuck up." I wish Mary Anne didn't like Susie better than me.

"You and Daddy say you love me, but you don't really." If I say this and start crying, maybe she won't spank me after all.

"The class in double-talk is now dismissed. I must compliment you, children. You behaved very well today." Heavens, how can I put up with these noisy brats until vacation time comes?

## SILENT MONKS ARE UPLIFTED BY HARD WORK

By AL LANIER  
MONCK'S CORNER, S.C. (AP) — The Trappist monks of Mepkin Abbey lead silent lives of prayer, and hard work, and it seems to uplift them physically and spiritually.

Overlooking flood rice fields of the Cooper River, the abbey's small graveyard contains only two tombstones. Beneath these lie the bodies of the mother and daughter of Clare Boothe Luce.

None of the monks has died since 1949 when Mrs. Luce and her husband, publisher Henry Luce, gave the silent brothers 3,000 acres of what had been a rich man's plantation.

**AWAKE OF DEATH**  
"You would think we were under an obedience not to die," said the Rt. Rev. Dr. M. Anthony Chassagne, 53, the abbot who has directed the abbey's intense devotional life and its considerable business enterprises since it was founded.

But nobody is more aware of death than Trappist monks. That is why they took a vow of silence and retired from the world—to pray for it and the souls of men who inhabit it.

**PLOT FOR MRS. LUCE**  
Also aware of it is Mrs. Luce, actress, author, playwright and Roman Catholic convert. Between the graves of her mother and her daughter, killed in separate automobile accidents, is a space where Mrs. Luce has directed that she be buried.

The Trappist monks, known formally as Cistercians of the Strict Observance, reserve their spoken words for God. They do not speak even to each other except when absolutely necessary, and then usually by sign language.

They arise from hard cots in cell-like cubicles at 2:15 a.m. for a day that begins with prayer and finds them working at manual labor by 6:15 a.m. They retire at 7 p.m. without even the brief period of conversation allowed in most monastic orders.

**SELL PRODUCE**  
They sustain themselves by selling eggs, camellias, azaleas and lumber. By concentrating on these enterprises, and buying their simple food instead of growing it themselves, Mepkin Abbey is self-sufficient but little money is left over for improvements.

The 45 monks at Mepkin range in age from the early 20s to 78. Many of them are veterans of World War II or Korea who joined the order to pray for the world after experiencing the horrors of war.

After five years' trial, if the order accepts them, the monks take vows to remain until death.

There are no radios, television or newspapers, but Father Anthony once a week posts clippings of world events on a bulletin board for all to read.

## Says Saudi Arabia Will Scorn Reds

BEIRUT, Lebanon (AP) — Saudi Arabia's King Faisal was quoted today as saying his government would never recognize a Communist country.

"Recognition of any Communist state is incompatible with our religion and tradition," he said in an interview with the Beirut paper Al Jarida.

Saudi Arabia was the first country to recall its ambassador to Bonn, he said, adding, "We shall not hesitate to take any action dictated by a unified Arab stand for the sake of Palestine." He was commenting on the current West German-Arab dispute over Bonn's decision to recognize Israel.

## UCLA NAMES JEROME HINES TOP ALUMNUS

By BOB THOMAS  
AP Movie-TV Writer  
HOLLYWOOD (AP) — UCLA's alumnus of the year is the famed Metropolitan Opera basso Jerome Hines, who never took a music lesson at the university.

The 6-foot-6½ singer was in his old hometown this week to intone the title role of "Moses" at the Music Center and to be notified of his selection by UCLA. He is only the second entertainment-world figure (the first was choreographer Agnes de Mille) to be chosen for the annual honor, others having been Ralph Bunche, Ford Motor Co. President Arjay Miller and Atomic Energy Commission Chairman Glenn T. Seaborg.

**CHEMISTRY GRADUATE**  
Hines, class of '43, graduated in chemistry.

"I had thought I wanted to be a singer since I was 16," he explained. "I continued taking private singing lessons; at that time, the best opera coaches couldn't afford to work for universities. I also was interested in chemistry, mathematics and physics, and I knew they could provide a good profession to fall back on."

Hines might never have achieved his operatic triumphs if he hadn't been such an introverted lad. A shy giant already 6-feet-6 at 16, he was given vocal lessons as a device to draw him out. Teachers recognized his gift immediately.

**SOUGHT FRIEND'S AID**  
His father, a movie production official, paled at raising his boy to be a singer and conspired to have a friend discourage him.

The friend, Civic Light Opera boss Edwin Lester, heard Jerome's voice and instead told his father: "Mortgage your house, sell your car, do anything to give this boy opera training!" Lester also changed Jerome's name from Heinz, to avoid any reference to pickles.

The newly named Hines was signing with the San Francisco Opera at 18. In 1946 he auditioned at the Met, won the Caru-

## FINLAND USES RAID SHELTERS FOR STORAGE

HELSINKI, Finland (AP) — This little country on the frontier of two worlds is building air-raid shelters with methodical, Nordic thoroughness, then converting them promptly into garages, and storehouses for trunks and suitcases.

This started in 1959 when several countries, including the United States, talked seriously about air-raid shelters.

The Finns, who have had 42 wars with the Russians through the centuries, enacted a law. It requires that every private house have a shelter and that every apartment house provide underground protection for its occupants, but not under the building itself. The result is that nearly every apartment house project has space for an underground shelter. When built, they serve as garages.

**IN SOLID ROCK**

In Helsinki they are made in solid rock because the whole city is built on a sunken mountain ledge.

Even the big government office building is building a shelter.

No one seems quite sure whether any specific alarm started the bomb-shelter movement. However, one official recalled that it was around the time that Soviet Premier Khrushchev gave the West an ultimatum about signing a treaty with East Germany and expelling the Allies from Berlin.

If you ask people whether Finland is preparing for a nuclear war most of them laugh, but a few of them turn serious and say you can't take chances these days.

**REMEMBER 1939**

The Finns remember Nov. 30, 1939, when Russian bombs began falling on the city even while the Finnish Cabinet thought it was still negotiating.

The raid was half over before the Finns could convince themselves that they were in a war. That made the Finns so mad they went out and gave the Russians a sound drubbing for several months until they ran out of ammunition, planes and soldiers — and had to sign an armistice. Four million can't beat 200 million.

A city planning adviser, Gor-

so Award and has been there ever since.

Hines lives in South Orange, N.J., with his wife and four young sons and makes about 40 forays into the hinterlands each year for concerts, which are "the backbone of my finances."

## Thant Applauds Johnson Speech

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant today sent President Johnson a personal message welcoming his Viet Nam speech as constructive and statesmanlike. Thant told the President he believes the statement will prove helpful.

A U.N. spokesman said the secretary-general described the President's willingness to enter into unconditional discussions on a Viet Nam settlement as in line with his own position.

Thant assured Johnson that he will continue his own efforts toward a peaceful solution.

## ARREST POLICE IN BEATING OF NEGRO CAPTIVE

COLUMBIA, S.C. (AP) — Two Prosperity police officers were arrested Thursday and charged with taking a young Negro prisoner from the Prosperity jail early Monday and beating and threatening him.

J.P. Strom, state law enforcement division chief, said policeman Phillip Plampkin and night watchman L. Cornell Wise were charged with second-degree lynching — infliction of violence by a mob not resulting in death.

Freddie Jackson, 18, being held on a disorderly conduct charge, was beaten and threatened at the jail early Monday by five or six men wearing Ku Klux Klan-like regalia of hoods and white robes.

Wise said the men overpowered him and took the keys to the three-room jail on the ground floor at the rear of the Town Hall at Prosperity, a small town 30 miles northwest of Columbia in Newberry County.

Jackson reported the robbed men did not hurt him much, but only cuffed him.

## BOYLE'S Grab Bag

By HAL BOYLE  
NEW YORK (AP) — It has been sometime since we've had a class drill in double-talk. So let's have one now.

Double-talk enables you to say what you should say in a situation, although you don't really mean it at all.

Parents use it when talking to children, and vice versa, and kids use it when talking to other kids. It's good at any age.

**FEW EXAMPLES**

Here are a few examples followed by the literal meaning:

"Just a second, Mommy." If she really wanted me right now, she'd have screamed louder.

"My daddy can lick your daddy." I've got to bluff this bully some way.

"Gee, I had my theme right in this book. It must have dropped out in the bus on the way to school." I got so sleepy watching television last night I forgot to write it.

**PARENTS EXCUSE**

"I'd be glad to help you with your homework, but your teacher said she wanted you to do it by yourself." That new arithmetic is crazy. I don't understand it at all.

"This is the very last time I'm going to tell you to get ready for bed." After that, your father can start telling you.

"I don't want any dinner, Mama. I just don't feel hungry." Besides, I've got three candy bars hidden in my room.

"But Mom, every other girl in my class is already wearing high heels." If she lets me buy a pair, I'll be the first in our class to have them.

"Cross my heart, I'll never do it again." I sure didn't think she'd catch me this time.

**TIME FLIES**

"I didn't know it was that time. I guess the teacher musta comes?"

## Cost Of Potatoes Climbs As Harvest Hits New Low

By LEIF ERICKSON

SAN FRANCISCO (AP) — You with the potatoes and gravy appetite are paying more for your taste this year than Americans ever have.

It's because the nation's 1964 potato crop was the smallest in seven years — nearly 25 million 100-pound bags under the previous five-year average of 266 million bags.

All major producing areas but Maine were hit last year by bad weather and frosts.

The acreage finally harvested — 1.3 million acres — was the smallest since 1867, reports the U.S. Department of Agriculture.

### PRICE INCREASED

Supply and demand have boosted San Francisco retail prices to 79 cents for a five-pound sack of No. 1 Oregon Klamaths, sized from six to 14 ounces.

In Idaho, land of the premium russet baking potato, 1964 production dropped to 36.3 million bags, a decrease of 14 million from 1963.

Idaho russet bakers cost 20 cents a pound.

Potato prices stabilized at high levels in October and now are peaking just before the new crop starts coming in.

"In 33 years in the potato business I've never seen anything like this," said George Burger, a San Francisco potato broker.

### USES CANADIAN SPUDS

He brought in a carload of Canadian potatoes to keep his hotel and restaurant customers supplied with eight-to-10-ounce baking sizes.

"I tell you I never did that before. These Canadian potatoes cost me \$9 a bag delivered here."

Potato chip prices have not gone up because chip makers were guaranteed their supplies at prices contracted with growers before they planted.

One market chain expects prices to start downward by mid-April. Burger said he doesn't expect a major break before mid-May.

PRESQUE ISLE, Maine (AP) — In Maine's Aroostook County, where the Irish potato is king, things are looking up for the first time in 13 years.

The reasons: A larger than usual crop last fall, a poor year in competing potato-growing areas and a good market.

Last fall's crop totaled nearly 40 million hundredweight, an increase of 2.2 million over 1963.

## Britain To Issue Churchill Stamp

LONDON (AP) — Sir Winston Churchill's bulldog expression will soon glare from a pair of new British postage stamps.

It will be the first time in history a British statesman has appeared on a British stamp.

A post office spokesman said the United States would issue a Churchill stamp on May 13, anniversary of Sir Winston's "Iron Curtain" speech at Fulton, Mo.

The word "salary" is an outgrowth of the fact that ancient man placed great value on salt. The word "salary" is derived from salt, and in its original sense indicated that money was given to buy salt.

## Wants President To Honor 'Satchmo'

WASHINGTON (AP) — Sen. Jacob K. Javits, R-N.Y., has a suggestion for President Johnson: Pin a presidential medal on Louis (Satchmo) Armstrong for being a "goodwill ambassador" in many nations in recent years.

Javits made the proposal Wednesday, noting that the veteran Negro trumpeter was the first American band leader to score a triumph in Communist East Germany.

Armstrong will be 65 on July 4, the day the President announces his medal winners.

## CITY PROMISES TO PAY WATER BILL TO WOMAN

HOUSTON, Tex. (AP) — Victoria Welch says the city of Houston owes her \$385 because of overcharges on her water bill dating back to 1944.

The 78-year-old woman, who has a file in the City Water Department almost as big as she is, sat silent and smiling Wednesday as her problem was described to the City Council by a niece, Mrs. Paul E. Ross.

"I'm on your side," Mayor Louie Welch told her.

Miss Welch, wearing a black cotton dress with lace at the wrists and a small straw hat, smiled and nodded.

Mrs. Ross said her aunt built a private water line from the city system to her home years ago. In 1944, 1947 and 1961, the city erroneously permitted three homes to hook onto the line.

All the water used in those homes ran through Miss Welch's meter. She and the users both paid the city for it.

The mistake was discovered when the city widened the street.

Water adjusters said they had records only through 1961. They refunded her \$349 for the 1957 to 1961 overcharges.

"The city agreed to pay any amount an additional \$385 if she would let the city have the water line," Mrs. Ross said. "We lived up to our part of the bargain but my aunt can't collect from the city."

The city legal department said the statute of limitations had run out.

Mrs. Ross said her aunt had supported herself for 39 years with a small amount of property left by her parents.

After Miss Welch left the council chamber, Mayor Welch told City Atty. John Widenhall: "Find a way to pay her — not a lot of reasons why we can't."

## Minister Named To Council Post

NEW YORK (AP) — The Rev. Dr. E. Sterling Brown, 57, is the new president of the National Conference of Christians and Jews.

He was elected in New York Wednesday to succeed Dr. Lewis Webster Jones, who will retire June 30.

## LBJ's Speech Opens Door To Peace Talks With Reds

By LEWIS GULICK

WASHINGTON (AP) — President Johnson's public offer of "unconditional discussions" has broadened the way toward possible peace talks on Viet Nam. The next move on the two-way path is up to the Communists.

In a major speech in Baltimore Wednesday night which coupled a new peace of offensive with the continuing campaign against Red expansion in Southeast Asia, Johnson also proposed a \$1-billion U.S. contribution toward economic development of the backward area, whether the war ends or not.

### MARKS SWITCH

The President's first specific mention of no-precondition talks marked a switch from the previous U.S. emphasis — registered by Johnson himself as late as a week ago — that Communist North Viet Nam must show intent to abandon its assault on the south before negotiations would be worthwhile.

"I have no indication and no evidence that they are ready and willing to negotiate under conditions that . . . at this time would be productive or would hold out hopes of achieving what we all desire so much — peace in the world," Johnson said April 1.

### WAYS TO PEACE

Wednesday night the President said: "There may be many ways to this kind of peace: in discussion or negotiation with the governments concerned; . . . and we remain ready — with this purpose — for unconditional discussions."

Johnson used last week's appeal by 17 neutralist nations for no-strings-attached Viet Nam peace talks as the starting point for his speech. A formal U.S. response along the lines of the President's statement is slated through diplomatic channels today or Friday.

White House sources said the Reds still have given no indication of abandoning their pre-

viously declared preconditions — such as a U.S. pullout from South Viet Nam — and that the U.S. offer means the other side must have no preconditions either.

### AWAIT RESPONSES

They looked to responses from Hanoi, Peking and Moscow, which also received the 17-nation proposal, for clues of any change in the Communist stand. The White House sources also made these points:

Peace talks could get underway whether the fighting continues or not. For the present, no letup is in sight in the U.S.-backed effort to stem Red attacks. Nor have the Communist Viet Cong guerrillas eased their offensive.

### REFUSE VIET CONG

The United States would discuss the issue with Red China as one of "the governments concerned" but not with the Viet Cong, which it regards merely as agents of the Hanoi regime.

Johnson's offer has been conveyed to U.N. Secretary-General U Thant and many other interested parties, including the Soviet Union, Soviet Ambassador Anatoly F. Dobrynin was briefed on it Wednesday night by George W. Ball, acting secretary of state. Dobrynin declined comment.

U.S. strategists believed that whether the Communists come to the conference table or not, Johnson's peace move will score a big plus for U.S. Viet Nam policy in world opinion and will promote support from other countries.

## DEMOS PRESS QUICK PASSAGE OF HEALTH BILL

By EDMOND LE BRETON

WASHINGTON (AP) — House Democratic leaders, ignoring Republican charges of "rubber stamp," press today for passage by nightfall of a \$8-billion health care-Social Security bill.

Republicans concentrated their efforts on a preliminary vote, expected late today, on substituting for the bill President Johnson backs one introduced by Rep. John W. Byrnes, R-Wis.

The Byrnes bill is similar in most respects to the administration measure, but would not provide payroll tax increases to finance a hospital benefit for the aged. Instead, the bill would provide higher payments by participants and general Treasury subsidy.

## Ford City Trucker Killed In Crash

HARRISBURG (AP)—A truck driver identified as Harry Anthony of Ford City, Armstrong County, was killed today in a three-way traffic accident on Rt. 22 north of Harrisburg.

State police said a truck, a tractor-trailer rig, and a passenger car were involved in the accident. Traffic at the scene, just outside the city limits, was delayed for some time.

whelmly. "The Congress of the United States has become a rubber stamp," Rep. Thomas B. Curtis, R-Mo., said Wednesday in a speech complaining that the bill had not been given adequate airing in public hearings.

Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee, defended the bill against charges that it would impair professionalism in medical practice.

Rep. Durward G. Hall, R-Mo., a physician, said it would lead to destruction of the doctor-patient relationship and overcrowding of hospitals.

But Mills said the committee had taken pains to prevent any government infringement on traditional professional practices, requiring in the bill that a private agency, such as Blue Shield, be engaged to handle relations with the medical profession.

## CITY PROMISES TO PAY WATER BILL TO WOMAN

HOUSTON, Tex. (AP) — Victoria Welcher says the city of Houston owes her \$385 because of overcharges on her water bill dating back to 1944.

The 78-year-old woman, who has a file in the City Water Department almost as big as she is, sat silent and smiling Wednesday as her problem was described to the City Council by a niece, Mrs. Paul E. Ross.

"I'm on your side," Mayor Louie Welch told her.

Miss Welcher, wearing a black cotton dress with lace at the wrists and a small straw hat, smiled and nodded.

Mrs. Ross said her aunt built a private water line from the city system to her home years ago. In 1944, 1947 and 1961, the city erroneously permitted three homes to hook onto the line.

All the water used in those homes ran through Miss Welcher's meter. She and the users both paid the city for it.

The mistake was discovered when the city widened the street.

Water adjusters said they had records only through 1961. They refunded her \$349 for the 1957 to 1961 overcharges.

"The city agreed to pay any amount an additional \$385 if she would let the city have the water line," Mrs. Ross said.

"We lived up to our part of the bargain but my aunt can't collect from the city."

The city legal department said the statute of limitations had run out.

Mrs. Ross said her aunt had supported herself for 39 years with a small amount of property left by her parents.

After Miss Welcher left the council chamber, Mayor Welch told City Atty. John Widenhall: "Find a way to pay her — not a lot of reasons why we can't."

## Minister Named To Council Post

NEW YORK (AP) — The Rev. Dr. E. Sterling Brown, 57, is the new president of the National Conference of Christians and Jews.

He was elected in New York Wednesday to succeed Dr. Lewis Webster Jones, who will retire June 30.

## LBJ's Speech Opens Door To Peace Talks With Reds

By LEWIS GULICK

WASHINGTON (AP) — President Johnson's public offer of "unconditional discussions" has broadened the way toward possible peace talks on Viet Nam. The next move on the two-way path is up to the Communists.

In a major speech in Baltimore Wednesday night which coupled a new peace of offensive with the continuing campaign against Red expansion in Southeast Asia, Johnson also proposed a \$1-billion U.S. contribution toward economic development of the backward area, whether the war ends or not.

**MARKS SWITCH**  
The President's first specific mention of no-precondition talks marked a switch from the previous U.S. emphasis — registered by Johnson himself as late as a week ago — that Communist North Viet Nam must show intent to abandon its assault on the south before negotiations would be worthwhile.

"I have no indication and no evidence that they are ready and willing to negotiate under conditions that . . . at this time would be productive or would hold out hopes of achieving what we all desire so much — peace in the world," Johnson said April 1.

**WAYS TO PEACE**  
Wednesday night the President said: "There may be many ways to this kind of peace: in discussion or negotiation with the governments concerned; . . . and we remain ready — with this purpose — for unconditional discussions."

Johnson used last week's appeal by 17 neutralist nations for no-strings-attached Viet Nam peace talks as the starting point for his speech. A formal U.S. response along the lines of the President's statement is slated through diplomatic channels today or Friday.

White House sources said the Reds still have given no indication of abandoning their pre-

viously declared preconditions — such as a U.S. pullout from South Viet Nam — and that the U.S. offer means the other side must have no preconditions either.

**AWAIT RESPONSES**  
They looked to responses from Hanoi, Peking and Moscow, which also received the 17-nation proposal, for clues of any change in the Communist stand.

The White House sources also made these points:  
Peace talks could get under way whether the fighting continues or not. For the present, no letup is in sight in the U.S.-backed effort to stem Red attacks. Nor have the Communist Viet Cong guerrillas eased their offensive.

**REFUSE VIET CONG**  
The United States would discuss the issue with Red China as one of "the governments concerned" but not with the Viet Cong, which it regards merely as agents of the Hanoi regime.

Johnson's offer has been conveyed to U.N. Secretary-General U Thant and many other interested parties, including the Soviet Union. Soviet Ambassador Anatoly F. Dobrynin was briefed on it Wednesday night by George W. Ball, acting secretary of state. Dobrynin declined comment.

U.S. strategists believed that whether the Communists come to the conference table or not, Johnson's peace move will score a big plus for U.S. Viet Nam policy in world opinion and will promote support from other countries.

## DEMOS PRESS QUICK PASSAGE OF HEALTH BILL

By EDMOND LE BRETON  
WASHINGTON (AP) — House Democratic leaders, ignoring Republican charges of "rubber stamp," press today for passage by nightfall of a \$6-billion health care-Social Security bill.

Republicans concentrated their efforts on a preliminary vote, expected late today, on substituting for the bill President Johnson backs one introduced by Rep. John W. Byrnes, R-Wis.

The Byrnes bill is similar in most respects to the administration measure, but would not provide payroll tax increases to finance a hospital benefit for the aged. Instead, the bill would provide higher payments by participants and general Treasury subsidy.

**CLAIM VOTES**  
Democrats, however, said they have the votes to pass the administration version over.

## Ford City Trucker Killed In Crash

HARRISBURG (AP) — A truck driver identified as Harry Anthony of Ford City, Armstrong County, was killed today in a three-way traffic accident on Rt. 22 north of Harrisburg. State police said a truck, a tractor-trailer rig, and a passenger car were involved in the accident. Traffic at the scene, just outside the city limits, was delayed for some time.

whelmingly.

"The Congress of the United States has become a rubber stamp," Rep. Thomas B. Curtis, R-Mo., said Wednesday in a speech complaining that the bill had not been given adequate airing in public hearings.

Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee, defended the bill against charges that it would impair professionalism in medical practice.

# BRITISH PINCH, U. S. PUSHES TO AID ECONOMY

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — The British are trying to pinch their economy again to pinch their economy while Americans talk of boosting the U.S. economy still higher through even less restraint.

In both cases one of the prime goals is the same — to bolster the individual currencies, the British pound sterling and the American dollar, in international money markets.

The British move this week is largely tied to increasing taxes. American business stimulants, past and contemplated, are tied to cutting taxes.

**DISCOURAGE IMPORTS**  
London figures individual Britons should be discouraged from buying so many imported goods and overheating the home economy so much that United Kingdom manufacturers don't try hard enough to sell their goods abroad.

Washington figures that the American economic growth rate should be increased, more goods should be produced so that the excess will inspire producers to try harder to sell still more abroad.

The U.S. government also is asking Americans to keep their dollars home and lend less to

foreigners and invest less abroad. The British say they'll try to keep American dollars still coming their way.

First returns indicate that both the American and the British monetary plans are working at the moment.

**DIFFERENT CIRCUMSTANCES**  
While both the United States and the United Kingdom have been having trouble keeping their currencies looking as good as gold, the problem has risen from significantly different circumstances.

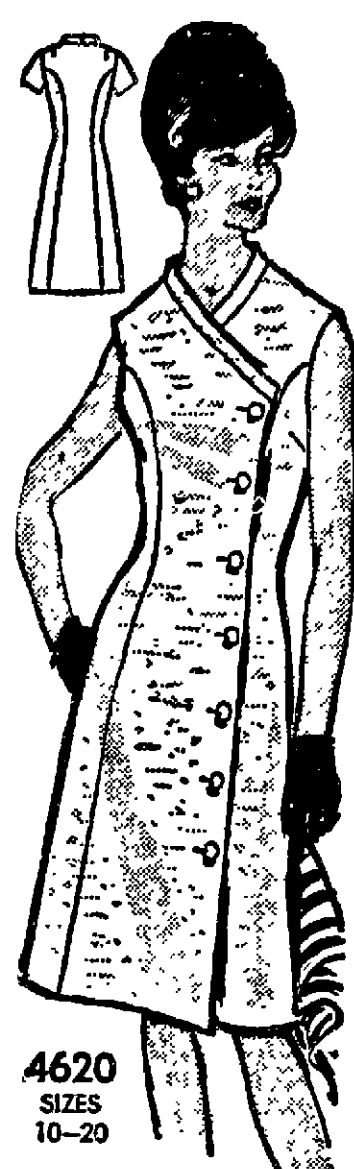

The United States for years has been exporting more than it has been importing. The loss of dollars and gold comes from something else. The favorable balance of trade has been more than offset by government economic and military aid to other nations, private investment and loans abroad, free-spending American tourists.

**HEAVY IMPORTS**  
The British have been importing more than they've exported. British manufacturers have seen the price of their products rise — meaning profits at home but also loss of some world markets to more competitively priced goods, made by Americans, Europeans, Japanese, even the Communist countries.

So Britain is trying austerity to get its world trade and its pound sterling in a healthier state.

The dollar already is healthy. Washington wants to make sure it doesn't catch another chill like the one that plagued it at the start of this year.

## Today's AP News Digest

AP News Digest  
WASHINGTON

President Johnson's health care-Social Security bill sweeps through the House. Senate approval is expected within eight weeks.

What would be in it for you if the House-passed health-care bill becomes law? Something, now or later, unless you're a very exceptional case.

The school aid bill faces a tough Senate test on the church-state issue. But Democratic leaders hope for passage of the big measure by nightfall.

If you take the silver out of coins, what do you use instead? The prize for the most original suggestion goes to Rep. Craig Hosmer, R-Calif.

Once the Model T could be bought for around \$400. Now comes its swanky successor, the limousine built for a president at \$325,000, or more.

### VIET NAM

Administration leaders look to North Viet Nam for a decisive response to President Johnson's peace-talk offer.

A terrorist is sentenced to death in Saigon for the U.S. Embassy bombing despite the Viet Cong threat to execute an American in reprisal.

### INTERNATIONAL

The Communists are expected to block the Berlin autobahn again.

The Castro government holds 47 Baptist preachers — including two Americans — and 13 laymen on charges of spying for the United States.

### RACIAL

A march led by civil rights leader James Farmer is planned in Bogalusa, La., despite a plea by the mayor.

Negro leaders complete arrangements for a march in Camden, Ala., in a voting rights demonstration.

### NATIONAL

Thousands are forced to leave their homes because of flood waters in Minnesota and Iowa. Storms hit Indiana, Nebraska, Ohio.

Last year 1,547,000 persons visited Yosemite National Park.

## Machine Makes Fabulous Error

POWELL, Wyo. (AP) — A Powell school teacher has a check for \$900,004.72—but she doesn't plan to cash it.

Mrs. Jim Jameson ordered a \$4.72 item from a Midwest manufacturing company and sent a check to pay for it. The company was unable to fill the order and refunded her money. But machines make mistakes too. Instead of sending her a refund check for \$4.72—it came out \$900,004.72.

HARRISBURG (AP) — A private club in Cumberland County is slated to lose its liquor license April 22 for violations cited by the State Liquor Control Board.

The board Tuesday revoked the license of the Red Men's Home Association of Carlisle for, among other things, failure to adhere to provisions of charter and organization not operated for mutual benefit of the entire membership.

## Cease Campaign Against Raiders

KUALA LUMPUR, Malaysia (AP) — The Defense Ministry today announced the end of a six-week campaign against Indonesian raiders in the swamps and jungles of Malaysia's mainland.

A ministry spokesman said only "a few" Indonesians are still large in southern Johore State, 180 miles southeast of Kuala Lumpur and are no longer considered a threat.

The campaign was touched off by a seaborne guerrilla landing on Johore's southeast coast last Feb. 25.

PHILADELPHIA (AP)—Temple University, aided by two grants totalling \$750,000, will begin construction of a communications building soon, university president Dr. Millard E. Gladfelter has announced.

The communications building, to be called Annenberg Hall, will be part of a planned \$7 million center for the performing Arts and Communications.

## Zing into spring! Chevelle by Chevrolet

'65 Chevelle Malibu Convertible—  
with color-keyed all-vinyl upholstery

It's the most popular mid-size traveler built—  
which isn't surprising when you consider who built it.

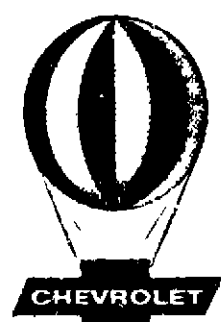

There's no doubt that a car like this could get by on its good looks alone. Without ever having to rely on family connections.

But the fact that it is built by Chevrolet assures you right off it's got a lot more going for it than merely meets the eye. It tells you, for example, that beneath those impetuous-looking lines you can have the impetuous kind of power—6 or V8—that Chevrolet has a reputation for putting in its cars. It tells you that you get Body by Fisher handiwork inside and out (with the kind of meticulous attention to detail that goes into some

of the most expensive cars around). It tells you that you're going to get a ride developed by engineers who are old hands at putting the squelch on bumps (Chevelle has Full Coil suspension at all four wheels, similar to the regular Jet-smooth Chevrolet).

Knowing all this, you probably won't be startled by the fact more people are now buying Chevelle than any other car its size.

But you will have a happy surprise when you check what you can buy one for—right now down at your Chevrolet dealer's.

London figures individual Britons should be discouraged from buying so many imported goods and overheating the home economy so much that United Kingdom manufacturers don't try hard enough to sell their goods abroad.

Washington figures that the American economic growth rate should be increased, more goods should be produced, so that the excess will inspire producers to try harder to sell still more abroad.

The U.S. government also is asking Americans to keep their dollars home and lend less to

foreigners and invest less abroad. The British say they'll try to keep American dollars still coming their way.

First returns indicate that both the American and the British monetary plans are working at the moment.

### DIFFERENT CIRCUMSTANCES

While both the United States and the United Kingdom have been having trouble keeping their currencies looking as good as gold, the problem has risen from significantly different circumstances.

The United States for years has been exporting more than it has been importing. The loss of dollars and gold comes from something else. The favorable balance of trade has been more than offset by government economic and military aid to other nations, private investment and loans abroad, free-spending American tourists.

### HEAVY IMPORTS

The British have been importing more than they've exported. British manufacturers have seen the price of their products rise — meaning profits at home but also loss of some world markets to more competitively priced goods, made by Americans, Europeans, Japanese, even the Communist countries.

So Britain is trying austerity to get its world trade and its pound sterling in a healthier state.

The dollar already is healthy. Washington wants to make sure it doesn't catch another chill like the one that plagued it at the start of this year.

## Today's AP News Digest

### AP News Digest WASHINGTON

President Johnson's health care-Social Security bill sweeps through the House. Senate approval is expected within eight weeks.

What would be in it for you if the House-passed health-care bill becomes law? Something, now or later, unless you're a very exceptional case.

The school aid bill faces a tough Senate test on the church-state issue. But Democratic leaders hope for passage of the big measure by nightfall.

If you take the silver out of coins, what do you use instead? The prize for the most original suggestion goes to Rep. Craig Hosmer, R-Calif.

Once the Model T could be bought for around \$400. Now comes its swanky successor, the limousine built for a president at \$325,000, or more.

### VIET NAM

Administration leaders look to North Viet Nam for a decisive response to President Johnson's peace-talk offer.

A terrorist is sentenced to death in Saigon for the U.S. Embassy bombing despite the Viet Cong threat to execute an American in reprisal.

### INTERNATIONAL

The Communists are expected to block the Berlin autobahn again.

The Castro government holds 47 Baptist preachers — including two Americans — and 13 laymen on charges of spying for the United States.

### RACIAL

A march led by civil rights leader James Farmer is planned in Bogalusa, La., despite a plea by the mayor.

Negro leaders complete arrangements for a march in Camden, Ala., in a voting rights demonstration.

### NATIONAL

Thousands are forced to leave their homes because of flood waters in Minnesota and Iowa. Storms hit Indiana, Nebraska, Ohio.

Last year 1,547,000 persons visited Yosemite National Park.

## Machine Makes Fabulous Error

POWELL, Wyo. (AP) — A Powell school teacher has a check for \$900,004.72—but she doesn't plan to cash it.

Mrs. Jim Jameson ordered a \$4.72 item from a Midwest manufacturing company and sent a check to pay for it. The company was unable to fill the order and refunded her money. But machines make mistakes too. Instead of sending her a refund check for \$4.72—it came out \$900,004.72.

HARRISBURG (AP) — A private club in Cumberland County is slated to lose its liquor license April 22 for violations cited by the State Liquor Control Board.

The board Tuesday revoked the license of the Red Men's Home Association of Carlisle for, among other things, failure to adhere to provisions of charter and organization not operating for mutual benefit of the entire membership.

## Cease Campaign Against Raiders

KUALA LUMPUR, Malaysia (AP) — The Defense Ministry today announced the end of a six-week campaign against Indonesian raiders in the swamps and jungles of Malaysia's mainland.

A ministry spokesman said only "a few" Indonesians are still large in southern Johore State, 180 miles southeast of Kuala Lumpur and are no longer considered a threat.

The campaign was touched off by a seaborne guerrilla landing on Johore's southeast coast last Feb. 25.

PHILADELPHIA (AP)—Temple University, aided by two grants totalling \$750,000, will begin construction of a communications building soon, university president Dr. Millard E. Gladfelter has announced.

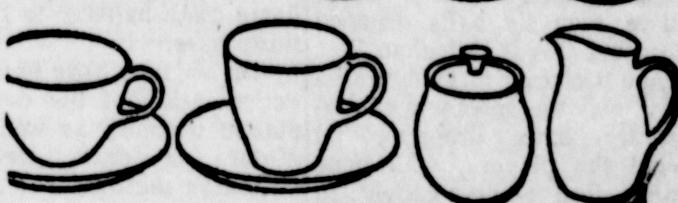

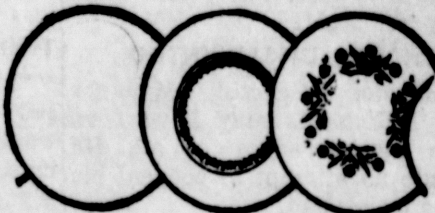

The communications building, to be called Annenberg Hall, will be part of a planned \$7 million center for the performing Arts and Communications.

## Zing into spring! Chevelle by Chevrolet

'65 Chevelle Malibu Convertible—  
with color-keyed all-vinyl upholstery

It's the most popular mid-size traveler built—  
which isn't surprising when you consider who built it.

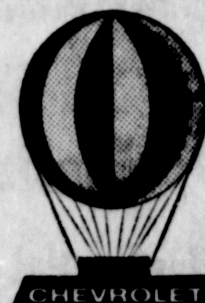

There's no doubt that a car like this could get by on its good looks alone. Without ever having to rely on family connections.

But the fact that it is built by Chevrolet assures you right off it's got a lot more going for it than merely meets the eye. It tells you, for example, that beneath those impetuous-looking lines you can have the impetuous kind of power—6 or V8—that Chevrolet has a reputation for putting in its cars. It tells you that you get Body by Fisher handiwork inside and out (with the kind of meticulous attention to detail that goes into some

of the most expensive cars around). It tells you that you're going to get a ride developed by engineers who are old hands at putting the squelch on bumps (Chevelle has Full Coil suspension at all four wheels, similar to the regular Jet-smooth Chevrolet).

Knowing all this, you probably won't be startled by the fact more people are now buying Chevelle than any other car its size.

But you will have a happy surprise when you check what you can buy one for—right now down at your Chevrolet dealer's.

# Fly Balls Tough To Get In Sunshine In Astrodome

By JOE REICHLER

Associated Press Sports Writer  
HOUSTON (AP) — Houston's new Astrodome Stadium is a \$31.6 million beauty; an air-conditioned, steel-domed glittering palace; a wonder of wonders.

It's also a place in which a baseball game could be called on account of daylight.

And that's no joke.

The luxurious Astrodome is perfect for night ball.

**BETTER IN THE RAIN**

You probably can play there in the daytime, too, but only when it is raining. But when the sun is shining: Forget it. Not unless you're unconcerned about a player getting skulled by a fly ball.

It almost happened Wednesday during a seven-inning game between the Astros and their farm hands. The players couldn't find fly balls against the lights and shadows of the dome. It was only luck that nobody was hit by a soft fly ball.

The development came as a shock to all who had come to get their first view of this colossal stadium that rises above the ground like some giant's misplaced saucer. The grand opening is tonight.

**RICHARDS DISSAPPOINTED**

Houston General Manager Paul Richards may have been the most shocked of all. He made no attempt to conceal his disappointment.

"I've seen fly balls dropped before but this is ridiculous."

What Richards termed "ridiculous" was the spectacle of routine fly balls dropping all around the players, with none coming close to being caught. In one inning, all three outfielders took turns allowing fly balls to drop anywhere from 10 to 30 feet from where they were stationed, without making an attempt to catch them. They simply couldn't see the ball.

**WORE HELMETS IN FIELD**

All outfielders, and all infielders with the exception of the first baseman, wore their batting helmets in the field.

"I was able to catch two of the 12 balls hit in my direction," said Ron Davis, a fine defensive center fielder. "The left fielder (Jim Wynn) caught one or two."

I don't know how many he missed. One of the balls I caught was by accident. I never saw the ball."

The trouble stemmed from the skylight structure of the dome, composed of 4,596 plastic windows and steel grey girders, each about 18 inches wide. The dome measures 710 feet in diameter. Once the ball rises up against the jigsaw background of light and dark, it becomes virtually impossible to follow.

**OKAY AT NIGHT**

In sharp contrast, the players had no difficulty following the ball at night.

"The background was perfect," said Davis.

Unfortunately, of the club's 81 home games this season, 21 are scheduled at daytime. This does not include two exhibition games, Saturday against Baltimore and Sunday against the Yankees. The first regular season daylight game is scheduled April 25 against Pittsburgh.

What to do about it? "Well," said Richards, "we contracted an expert on sun glasses and we hope to arrive at some solution. We're going to try amber glasses Saturday. The regular sun glasses are useless here. They're too dark."

**TWO ALTERATIONS**

"If this does not work, we've got two alternatives. The first would be to cover the dome, at least up to the second rung, with a huge tarpaulin extending from home plate halfway to first and third base.

"Or, we may have to paint the entire inside of the dome, the plastic windows as well as the girders, a dark green and switch on the lights."

**SINGLE DEFECT**

Manager Lum Harris said, "My outfielders were embarrassed. Actually, they're good fielders. They hadn't dropped a fly ball all spring before today."

Harris saw a ray of sunshine, however. The pleasant kind, that is.

"We play our opener Monday at night," he said. "Then we go on the road for two weeks. By the time we come back, I'm sure a solution will have been found. I've got faith in Judge (Roy) Hofheinz. Anyone who can build a stadium such as this

## Fly Balls Tough To Get In Sunshine In Astrodome

By JOE REICHLER

Associated Press Sports Writer  
HOUSTON (AP) — Houston's new Astrodome Stadium is a \$31.6 million beauty; an air-conditioned, steel-domed glittering palace; a wonder of wonders.

It's also a place in which a baseball game could be called on account of daylight.

And that's no joke. The luxurious Astrodome is perfect for night ball.

### BETTER IN THE RAIN

You probably can play there in the daytime, too, but only when it is raining. But when the sun is shining: Forget it. Not unless you're unconcerned about a player getting skulled by a fly ball.

It almost happened Wednesday during a seven-inning game between the Astros and their farm hands. The players couldn't find fly balls against the lights and shadows of the dome. It was only luck that no body was hit by a soft fly ball.

The development came as a shock to all who had come to get their first view of this colossal stadium that rises above the ground like some giant misplaced saucer. The grand opening is tonight.

### RICHARDS DISSAPPOINTED

Houston General Manager Paul Richards may have been the most shocked of all. He made no attempt to conceal his disappointment.

"I've seen fly balls dropped before but this is ridiculous," What Richards termed "ridiculous" was the spectacle of routine fly balls dropping all around the players, with none coming close to being caught. In one inning, all three outfielders took turns allowing fly balls to drop anywhere from 10 to 30 feet from where they were stationed, without making an attempt to catch them. They simply couldn't see the ball.

### WORE HELMETS IN FIELD

All outfielders, and all infielders with the exception of the first baseman, wore their batting helmets in the field.

"I was able to catch two of the 12 balls hit in my direction," said Ron Davis, a fine defensive center fielder. "The left fielder (Jim Wynn) caught one or two."

I don't know how many he missed. One of the balls I caught was by accident. I never saw the ball."

The trouble stemmed from the skylight structure of the dome, composed of 4,596 plastic windows and steel grey girders, each about 18 inches wide. The dome measures 710 feet in diameter. Once the ball rises up against the jigsaw background of light and dark, it becomes virtually impossible to follow.

### OKAY AT NIGHT

In sharp contrast, the players had no difficulty following the ball at night.

"The background was perfect," said Davis.

Unfortunately, of the club's 81 home games this season, 21 are scheduled at daytime. This does not include two exhibition games, Saturday against Baltimore and Sunday against the Yankees. The first regular season daylight game is scheduled April 25 against Pittsburgh.

"Well," said Richards, "we contracted an expert on sun glasses and we hope to arrive at some solution. We're going to try amber glasses Saturday. The regular sun glasses are useless here. They're too dark."

### TWO ALTERATIONS

"If this does not work, we've got two alternatives. The first would be to cover the dome, at least up to the second rung, with a huge tarpaulin extending from home plate halfway to first and third base.

"Or, we may have to paint the entire inside of the dome, the plastic windows as well as the girders, a dark green and switch on the lights."

### SINGLE DEFECT

Manager Lum Harris said, "My outfielders were embarrassed. Actually, they're good fielders. They hadn't dropped a fly ball all spring before today."

Harris saw a ray of sunshine, however. The pleasant kind, that is.

"We play our opener Monday at night," he said. "Then we go on the road for two weeks. By the time we come back, I'm sure a solution will have been found. I've got faith in Judge (Roy) Hofheinz. Anyone who can build a stadium such as this

## AWAIT ACTION OF HANOI REDS TO LBJ OFFER

**By JOHN M. HIGHTOWER**  
**AP Special Correspondent**  
**WASHINGTON (AP)** — Johnson administration leaders looked to Communist North Vietnam today for a decisive response to President Johnson's offer of peace talks.

An apparent rejection of the offer by Communist China was discounted by Washington officials on the ground that the real decision is up to North Vietnam.

## PEKING VERSION

Peking broadcast Thursday that the President's Baltimore speech Wednesday night, in which he said the United States is ready for unconditional discussions on peace in Viet Nam, was full of "lies and deception."

The United States has insisted for several months that the main support of the Communist guerrillas fighting in South Vietnam and the major control of their strategy are the responsibility of the Communist leadership in North Vietnam and that if Hanoi would stop its infiltration of men and supplies peace could be quickly established in South Vietnam.

## TARGET: HANOI

Officials said that Hanoi was the main target of the President's peace talk bid and that no reaction from any other place would be considered decisive. At the same time they said they had no indication whatever that the North Vietnamese were interested in peace talks. The expectation of authorities here was that the United States would have to continue its strategy of air strikes against targets in North Vietnam for some time longer.

Late Thursday, the Air Force was reported sending F104 Starfighter jets into the Viet Nam area. Pentagon officials declined to discuss the report.

## TWO PLANES DOWN

Four Communist MIG jets fired on American Air Force F105 jets that were attacking North Viet Nam targets Sunday. Two of the American planes were downed, all four MIGs got away.

The Pentagon said Thursday 455 U.S. military personnel lost their lives in Viet Nam through Monday. It listed 329 deaths resulting from action by hostile forces and 126 from noncombat causes including plane and helicopter accidents.

Wilson was elected to membership. Representatives will attend the meeting of District 14 on Sunday at 2 p.m. at the Gettysburg FOE Home. The "pig" was received by Mrs. Ott.

Refreshments were served by Mrs. Olinger and Mrs. Learna Bowman, who will also be hostesses for the next regular meeting on Wednesday, April 21, 8 p.m. Nomination of officers will take place at the next meeting.

## Littlestown News Briefs

The Arts and Crafts Club will meet at 7:30 p.m. on Monday in the social room of the Eagles Home. There will be a workshop session to include knitting, ash-tray making and Easter egg decorating, for which each person will bring her own materials. Mrs. Mary Bankert and Mrs. Frances Parson will be the April hostess.

The Junior Girl Scout troops of town will hold an Easter egg hunt for the Brownies of the community on Saturday afternoon at 2 o'clock on Littlestown Memorial Field.

The Junior Chorus and Junior Band of Littlestown High School will present a concert at 8 p.m. on Saturday in the high school auditorium, and not tonight as stated in Thursday's headline.

## TWO MEN ROW BARN ACROSS POND ON RAFT

**MARBLEHEAD, Mass. (AP)** — Yankee trader Lincoln Hawkes finally got the benefit of his bargain when he and a friend rowed across Redd Pond towing a 20-ton red barn.

Hawkes talked his neighbor across the pond, John Libbey, into giving him the barn which Libbey was more than happy to do. Libbey said he needed a new barn anyway but he attached one condition to the gift — that Hawkes move the barn.

Hawkes' first plan looked simple enough.

## ICE TOO THIN

He waited for winter and planned to slide the two-and-a-half-story structure home.

"We pushed the darned thing onto the ice in February, heard a loud crunch, saw a gush of water and thought better of the idea." So, the barn went back to Libbey's side of the pond.

Now Hawkes has a reputation among the residents of this old nautical town of doing just what he sets out to do. But when they heard his second plan, many thought this time he had miscalculated.

## BUILT LARGE RAFT

He built a raft on which to float the barn to his property.

This was frustrating, he said, because "we had to build a raft that could have been used to float the darned thing all the way down the Mississippi River."

He said more than 100 oil drums were used, enough to float 30 tons. But "31 tons and we're in trouble."

His neighbors were skeptical and when one questioned him about the barn's sinking he replied: "If that happens, the town will have a big red island with a roof on it in the middle of the pond."

Thursday Hawkes' theory and his bargain were put to the test. With former sea captain Gerald Smith and Hawkes at the oars of a dory, and Capt. Roger Smith manning the tow rope, the 100-year-old barn went across the pond to its new home.

There Hawkes now plans to convert it to a cider mill.

Mr. and Mrs. Donald McCleaf, Frederick, visited with Mrs. McCleaf's mother, Mrs. Elmer Lingg, and family.

Mr. and Mrs. Vincent Clark and family, Philadelphia, visited with Mrs. Clark's parents, Mr. and Mrs. Wilbur Umbel, over the weekend.

Mr. and Mrs. Brown McNair, Washington, spent the weekend with their parents, Mrs. Leone McNair and Mr. and Mrs. Charles Hobbs.

### AWAIT ACTION OF HANOI REDS TO LBJ OFFER

By JOHN M. HIGHTOWER  
AP Special Correspondent  
WASHINGTON (AP) — Johnson administration leaders looked to Communist North Viet Nam today for a decisive response to President Johnson's offer of peace talks.

An apparent rejection of the offer by Communist China was discounted by Washington officials on the ground that the real decision is up to North Viet Nam.

### PEKING VERSION

Peking broadcast Thursday that the President's Baltimore speech Wednesday night, in which he said the United States is ready for unconditional discussions on peace in Viet Nam, was full of "lies and deception." The United States has insisted for several months that the main support of the Communist guerrillas fighting in South Viet Nam and the major control of their strategy are the responsibility of the Communist leadership in North Viet Nam and that if Hanoi would stop its infiltration of men and supplies peace could be quickly established in South Viet Nam.

### TARGET: HANOI

Officials said that Hanoi was the main target of the President's peace talk bid and that no reaction from any other place would be considered decisive. At the same time they said they had no indication whatever that the North Vietnamese were interested in peace talks. The expectation of authorities here was that the United States would have to continue its strategy of air strikes against targets in North Viet Nam for some time longer.

Late Thursday, the Air Force was reported sending F104 Starfighter jets into the Viet Nam area. Pentagon officials declined to discuss the report.

**TWO PLANES DOWN**  
Four Communist MIG jets fired on American Air Force F105 jets that were attacking North Viet Nam targets Sunday. Two of the American planes were downed, all four MIGs got away.

The Pentagon said Thursday 455 U.S. military personnel lost their lives in Viet Nam through Monday. It listed 329 deaths resulting from action by hostile forces and 126 from noncombat causes including plane and helicopter accidents.

Wilson was elected to membership. Representatives will attend the meeting of District 14 on Sunday at 2 p.m. at the Gettysburg FOE Home. The "pig" was received by Mrs. Ott.

Refreshments were served by Mrs. Olinger and Mrs. Learna Bowman, who will also be hostesses for the next regular meeting on Wednesday, April 21, 8 p.m. Nomination of officers will take place at the next meeting.

### Littlestown News Briefs

The Arts and Crafts Club will meet at 7:30 p.m. on Monday in the social room of the Eagles Home. # AMISH MAY APPLY FOR EXEMPTIONS

WASHINGTON (AP) — When the House of Representatives passed the Social Security Bill Thursday night, it also passed a section exempting followers of the Old Order Amish from paying the tax.

Old Order Amish followers object to Social Security on religious grounds, contending it is a form of insurance which, they say, shows a lack in faith in God.

Many have refused social security benefits or have objected to paying the tax.

**GOES TO SENATE**

The section of the bill exempting them from social security provision was retroactive to Dec. 31, 1950. It would thus wipe out tax liens placed against those who objected to social security.

The provision does not exempt the Old Order Amish as a group, but requires individual members to apply for the exemption.

The provision applies only to members of a "recognized religious sect or division," who conscientiously oppose the benefits of any private or public insurance, including social security.

The social security bill, which also contains medicare provisions and raises the social security tax, now goes to the Senate.

# Says Flight To Suburbs Subsidized

WASHINGTON (AP) — The federal government, through the FHA and highway programs, has subsidized the flight of moderate and high income families to the suburbs and concentrated the very poor in the cities, Sen. Joseph S. Clark, D-Pa., said today.

In a statement for a Senate Banking subcommittee, Clark urged expansion of the administration's housing program to help the poor.

But Clark said insufficient funds were approved by the budget bureau to do the job envisioned in the program. The administration proposal, he said, seeks to expand federal housing responsibilities with the same amount of money or less than Congress approved last year.

With unemployment near 5 percent of the total labor force and the gross national product about \$25 to \$30 billion below its potential, "this seems to me to be the most foolish kind of economy," Clark added.

# A Lovelier You

By MARY SUE MILLER

The freshest fashion approach is the pale look in accessories.

Both French and American designers endorse such pale as ash blond, mushroom and bleached taupe—especially for wear with daytime costumes in flower colors or in the gray and beige range.

The look is at its best when accessories are worked in gradations of a single neutral. To exemplify: a pale, dry, barely tan shoe; a "nude" stocking with honey glints; a glove and handbag in coffee-milk tones, the first very light and the second somewhat darker.

Now, if you imagine that assemblage with a gray suit or a marigold coat, you will get a picture of fashion at its most subtle and elegant. You will see, too, the total effect is worth any effort it may take to achieve. And to collect accessories that complement, rather than match each other does take time and a sharp eye. So be prepared!

Jewelry is also important to the scheme. It should be delicate, fine and precious looking. That makes pearls a top-flight choice. For another, there are small enamel pins with motifs from the flower and animal kingdoms.

Three of them, scattered on a lapel, provide a just-right touch. In pastel enamels and golden metals, bangle bracelets and fragile necklaces are selections par excellence.

From shoe to earring, the passport to the pale look is delicacy—of both shadings and shapes. A clumsy handbag, however pale, would spoil the end result.

# MOST FLATTERING COLORS

In fashion, nothing makes you lovelier than color. It can enhance your skin, hair, eyes and figure; it can express your individuality and style. Great powers, those! To learn how to put them to work for you, read our leaflet, "YOUR MOST FLATTERING COLORS."

To obtain a copy, send your request to Mary Sue Miller, Box 138, The Gettysburg Times, Dundee, Ill., enclosing a self-addressed, stamped envelope and five cents in coin.

# HERE AND THERE

Picture a car without a steering wheel or brake pedals, one with a bank of 12 sealed beam lights, two wheels, glass-fiber tires and automatic speed controls and you may be describing the family car of the year 2000.

Automobile International, a McGraw-Hill publication, says that although many of these ideas now under study may not become reality, the automobile 35 years from now will be one of safety, comfort and ease of operation.

The body of the car will not change radically by 2000 unless a dream car now under test becomes an actuality. It will have only one wheel in front and one in back and will be balanced by a gyroscope.

Basically, bodies may get a little higher, as they cannot get any lower, and they will be easier to get into and out of. The biggest change will be in safety aspects—padding and securing the passengers, and removal of projections.

One projection that might be missing is the steering wheel. A system is now being tested that would replace the wheel with two plastic five-inch rings mounted on a tilting steering column. Rings turn simultaneously and can be manipulated easily by either or both hands.

The most important changes in the car of the future will take place under the hood. The piston-type internal-combustion engine will almost certainly, be around in the year 2000, but it will have a number of competitors.

The rotary engine, now in small-scale production, is almost sure to be a major factor. The engine has the advantage of low weight, small number of parts, and all moving parts rotate—none reciprocate—giving smooth running.

The second engine is the gas turbine, the glamor engine of the near future. The chief advantages are that there is only pure rotary motion in the engine, there are no rubbing parts, so the engine should be very long-lasting and there are very few moving parts, so that it should be a simple engine to work on.

Another advantage is that it will burn a variety of fuels without modification.

Also planned for the 2000 car is front-wheel drive. The advantages of front-wheel drive include the absence of a drive shaft, which keeps the floor from being flat and low enough, and the ability to provide an even larger trunk, as there need be no rear axle to take up space.

broken parts of a shade tree, dormant spraying and feeding can be done weeks before garden soil is workable or a lawn is ready to be repaired.

Dr. Philip L. Rusden, a tree surgeon, says a look into your trees will show what major work needs to be done. Dangling branches left by winter

winds and ice storms should be pruned out. Dead and dying or unwanted limbs should be removed. And the same pruning will improve a tree by better branch spacing, giving new character to a tree that has grown out of bounds.

All pruning cuts two inches or more in diameter should be painted with an antiseptic wound dressing. Bark tears may be traced to promote healing.

Spring cleanup also includes a dormant spray to control such overwintering pests as scale insects, meal bugs, mites and aphids. Elms especially require a dormant spray to combat elm bark beetles as they emerge in spring.

Perhaps one of the singularly important phases of spring tree care is feeding. Dr. Rusden says this is urgent this year to restore health of trees weakened by last year's long drought and battered and tattered by this winter's ice and wind storms.

A new found importance is being attached to a tree's root system, where so many tree ills originate. Rootlets of feeding roots are often torn loose by thrashing winds and the wrenching action of violent storms. Hungry and thirsty buds soon will be calling for food and water. Unless a tree's roots are healthy and unless there is enough nutrients in the soil, that tree cannot attain optimum growth.

Spring, too, is time to adjust cables, braces and other supports that may have been loosened during the winter. Guy wires on trees planted last year should be checked this spring.

An expert eye can now detect fire blight cankers on apple, pear, crabapple, hawthorne and mountain ash. These should be pruned out well below the point of infection. Prune out black knot of cherry and plum the same way.

# Woman Graduate Operates Farm

**BALLSTON SPA, N.Y. (AP)** — When Mary Herkimer begged permission to attend the agricultural school at Cobleskill State College, she said, they told her she'd have to be "top man" if she "took the course with all those boys."

She led the class of 1939 and was the first woman graduate of the agricultural school.

It took more than 15 years of hard work before she realized her ambitions five years ago and bought an 87-acre dairy farm. In between, she was a "hired man" and rented land.

Miss Herkimer operates the farm alone, repairs machinery, doubles as a veterinarian for 18 cattle, does all the sowing, cultivating and haying, with tractor and a team of horses. She handles 350 to 400 pounds of milk daily.

She awakens before 5 a.m. to do her chores, which keep her busy until evening.

About her arduous farm life she said: "I've never had any regrets. Living alone, I'd be very lonesome in any other business without my cows."

## AMISH MAY APPLY FOR EXEMPTIONS

WASHINGTON (AP) — When the House of Representatives passed the Social Security Bill Thursday night, it also passed a section exempting followers of the Old Order Amish from paying the tax.

Old Order Amish followers object to Social Security on religious grounds, contending it is a form of insurance which, they say, shows a lack in faith in God.

Many have refused social security benefits or have objected to paying the tax.

### GOES TO SENATE

The section of the bill exempting them from social security provision was retroactive to Dec. 31, 1950. It would thus wipe out tax liens placed against those who objected to social security.

The provision does not exempt the Old Order Amish as a group, but requires individual members to apply for the exemption.

The provision applies only to members of a "recognized religious sect or division," who conscientiously oppose the benefits of any private or public insurance, including social security.

The social security bill, which also contains medicare provisions and raises the social security tax, now goes to the Senate.

## Says Flight To Suburbs Subsidized

WASHINGTON (AP) — The federal government, through the FHA and highway programs, has subsidized the flight of moderate and high income families to the suburbs and concentrated the very poor in the cities, Sen. Joseph S. Clark, D-Pa., said today.

In a statement for a Senate Banking subcommittee, Clark urged expansion of the administration's housing program to help the poor.

But Clark said insufficient funds were approved by the budget bureau to do the job envisioned in the program. The administration proposal, he said, seeks to expand federal housing responsibilities with the same amount of money or less than Congress approved last year.

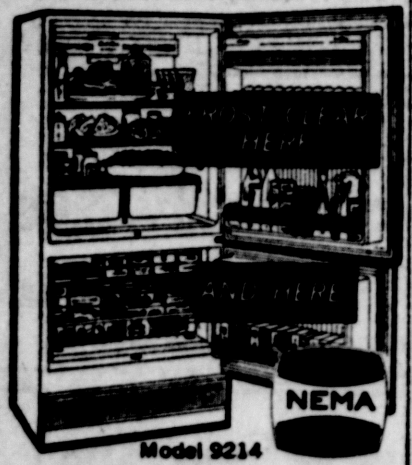

With unemployment near 5 percent of the total labor force and the gross national product about \$25 to \$30 billion below its potential, "this seems to me to be the most foolish kind of economy," Clark added.

## Woman Graduate Operates Farm

BALLSTON SPA, N.Y. (AP) — When Mary Herkimer begged permission to attend the agricultural school at Cobleskill State College, she said, they told her she'd have to be "top man" if she "took the course with all those boys."

She led the class of 1939 and was the first woman graduate of the agricultural school.

It took more than 15 years of hard work before she realized her ambitions five years ago and bought an 87-acre dairy farm. In between, she was a "hired man" and rented land.

Miss Herkimer operates the farm alone, repairs machinery, doubles as a veterinarian for 18 cattle, does all the sowing, cultivating and haying, with tractor and a team of horses. She handles 350 to 400 pounds of milk daily.

She awakens before 5 a.m. to do her chores, which keep her busy until evening.

About her arduous farm life she said:

"I've never had any regrets. Living alone, I'd be very lonesome in any other business without my cows."

## LAUREL RACE INCREASES

LAUREL, Md., (AP) — The 44th running of the famous Chesapeake Stakes, a major eastern test for 3-year-olds with Kentucky Derby possibilities, has been boosted in value this spring to \$30,000 and will be run at Laurel on April 10.

## LITTLE SNOW IN ROME

ROME (AP) — Rome has had snow only 101 times since 1800. That counts even flurries lasting only long enough to whiten the ground, and still amounts to less than two snowfalls per year.

## G-burg Sweeps Five Events In Downing Juniata 95-45; Lafayette Here On Saturday

One Juniata College track record was tied and another broken as the Gettysburg College cindermen romped to an easy 95-45 win over the Indians, Thursday afternoon in Huntingdon. The win was the first for the Bullets in two outings.

Sophomore speedster Don Ardinger slipped through the 100-yard dash in ten seconds flat to tie the track record. Senior Jerry Staub, who missed the opening contest, set a new track mark when he turned in 1:58.3 in the 800-yard run.

The Bullets' power came to life when it swept all three places in five events including the 440, 100, 880, 220 and javelin. The mile relay team also coasted to a win 3:39.5. Sophomore Scott Shoupe continued to pace the Gettysburg attack. Shoupe won the pole vault with a 10'6" leap, the 120-high hurdles in 16.6 seconds and tied for first in the high jump with a low 5'8".

Coach Hal Glad's trackmen will attempt to make it two wins in a row when they entertain Lafayette Saturday afternoon in a 2:30 o'clock contest.

The summaries:  
100-yard dash: 1, Ardinger, G.; 2, Boyd, G.; 3, Cannell, G.: 10.0.  
220-yard dash: 1, Hayden, G.; 2, Boyd, G.; 3, Wilson, G.: 23.6.

## BAVARO FETED AT DINNER BY 750 MAT FANS

More than 750 persons jammed the college dining hall to pay tribute to the accomplishments of Joe Bavaro, Gettysburg College wrestler, Thursday evening.

Henry T. Bream, director of athletics, served as master of ceremonies. After introducing the guests at the head table, Bream introduced speaker Ray Reider, head wrestling coach. Reider said, "This has been a grand year for not only me but for Joe Bavaro and the entire wrestling team. I don't think any other coach in this country, starting out in his first year as a coach, has or will ever experience what I have experienced in this my first season as wrestling coach." Reider publicly acknowledged the fine job that the entire wrestling team did all year, ending with a 9-4-1 record, which he thought was excellent. He said he was also proud of the squad for finishing in fourth place in the MAC during which he thought the entire team did its very best.

After introducing the wrestling team, Reider went on to praise Bavaro for the tremendous job he did in the MAC, the small college tournament and the university division tournament. He noted that many of the fans attending both the matches in Colorado and Wyoming rooted for Bavaro. He said, "I think everyone was behind Joe, not because he was the underdog, but because of his outstanding ability as a wrestler."

**REASONS FOR PRIDE**  
Reider went on to say that three things made him very proud of Bavaro and the best way he could pay him a compliment was to mention three moving moments during the past month. The first came in the MAC when Reider asked Bavaro which weight he would prefer to wrestle, 147 or 157. Bavaro said 157, because Scott Higgins, a 147 Sophomore, was having a fine year and should have a chance to go in the tournament.

The second came during the 167-pound title in Wyoming. Reider caught Bavaro discussing wrestling with the man who had just defeated him on a split decision. Very Long, Iowa State. Reider said Bavaro could have very well gone back to the locker room and forgotten the whole thing, but his good sportsmanship knew better. The third and most outstanding moment came upon Bavaro's arrival back in Gettysburg. When asked what he thought about the referee's decision in that final championship bout, Bavaro said, "It was a fair call, Long was the better man."

Following Reider's talk, Bream read a letter from Mayor William G. Weaver, who expressed his regrets for being unable to attend the dinner, and also a telegram from Frank "Sprig" Gardner, former Bullet coach, who was also unable attend the banquet.

President C. A. Hanson spoke briefly about the accomplishments of Bavaro. In his statement, Dr. Hanson said, "He (Bavaro) possesses those very special qualities of humility and modesty. He is a true champion in that he is a good student, an outstanding athlete and a gentleman. This is Joe Bavaro's evening, he deserves it."

**GIVES TROPHY**  
Following Dr. Hanson's talk, Bream presented Bavaro with a trophy inscribed with his entire record for the 1964-65 season. The trophy was presented on behalf of the entire college. Following the dinner a movie of Bavaro in action in Wyoming was shown.

**SEEKS MOUND BERTH**  
Ed Rodrock, a former athlete at Bermudian Springs High School, is a candidate for the varsity baseball pitching staff at Elizabethtown College. Rodrock, a Freshman, is a left-hander.

Japan, top fishing nation since 1948, has slipped to second place, after Peru, followed by China, the Soviet Union and the United States.

## NAME KOUFAX AND CHANCE AS "WINNINGEST"

By MURRAY CHASS

Associated Press Sports Writer

Sandy Koufax and Dean Chance both pitch for Los Angeles baseball teams. Both led their respective leagues in earned run average in 1964, while compiling a total record of 39 victories and 14 defeats.

Both also were selected overwhelmingly today as the winningest pitchers for 1965 in the Associated Press' annual pre-season poll.

Koufax, the suddenly questionable Dodger southpaw, piled up 155 votes — virtually all of them before he developed an arthritic condition in his left elbow. He had six times as many votes as any other National League hurler while Chance of the Angels drew 95 votes, just about twice as many as his closest competitor in the American League.

**MANTLE AND ROBINSON**  
Their selection by 266 sports writers and broadcasters followed that of Cincinnati's Frank Robinson and Mickey Mantle of the New York Yankees as the season's most valuable players.

Earlier St. Louis was chosen to win the National League pennant while the Yankees were the pick in the AL.

The only hitch in the selection of Koufax is that the 29-year-old ace may not be able to make it come true.

The voting nearly had been completed when the injury-plagued Dodger came up with the arthritic condition that threatens to keep him in the dugout six days out of every week. When well, Koufax pitches every fourth day.

**PETERS SECOND**  
That he had been expected to be well was reflected in the run-away vote he received. Trailing in the distance were San Francisco's Juan Marichal with 25 votes, and Don Drysdale of the Dodgers with 25 and Bob Gibson of St. Louis with 14.

Koufax was the pre-season choice in 1964, too, and appeared headed toward that goal when an injury to the elbow cut him down for the final 1 1/2 months, leaving him with a 19-5 record.

**"FIGHT IS ON"**  
After the questions were submitted, Byrne said: "These things have come to my attention." He added the commission would be under no obligation to answer the questions.

"I have no reason to believe they will not act in the best interest of the public," Byrne commented.

"The fight is definitely on as scheduled May 25," said commission chairman Herman Greenberg. "We are starting an investigation immediately. We are calling in the promoters." Greenberg said if law violations were uncovered "the necessary steps will be taken."

"Everything was gone through in the investigation in Washington after the first Clay-Liston fight," said local promoter Sam Silverman. "I can't understand why Greenberg didn't mention that."

Byrne said he was not "asking that the fight be called off."

Byrne questioned if Intercontinental Promotions, Inc., as an out of state corporation, would have a right to promote in Massachusetts. The firm, headed by Jack Nilon, Ridgely Park, Pa., is listed as co-promoter.

Byrne asked if Nilon had been issued a license to manage in Massachusetts because, he said, Nilon "has an exclusive management contract with Sonny Liston." Liston, Byrne said, claims to be his own manager. Byrne said if Nilon is manager it is contrary to public statements.

Led by Merrill Eckhart, coach, and Jay Schmidt who combined for a total of 407 points, the Texas Lunch won undefeated in the 16-game schedule to take the 1965 championship.

Top individual scoring honors went to Byron Crammer, Lincoln Motor Lodge, who scored 262 points.

Other top scorers were: John King, Coldsmith Roofers, 240; Eckhart, 204; Schmidt, 203; Howard Miller, Coldsmith Roofers, 184; Martin Young, Seminary, 166; Ken Snyder, Lincoln Motor Lodge, 152; Mike Flynn, McDermitt Insurance, 143; Ralph Johnson, Texas Lunch, 140; Rolf Dunsen, Texas Lunch, 136; Richard Crist, McDermitt Insurance, 133; Ed Markley, Lincoln Motor Lodge, 128.

record. He was the winningest hurler in 1963 when he posted 25 victories.

Chance, who didn't receive one vote in the poll last year, wound up sharing the honor of winningest pitcher with Gary Peters of Chicago with 20 victories each. In the latest poll, Peters was second with 48 votes. Mel Stottlemyre of New York ran third with 23.

**EDGES MAYS OUT**  
Camilo Pascual, 1964's pre-season pick in the AL, received only seven votes this time. The Minnesota right-hander finished last season with a 15-12 record.

The 23-year-old Chance dominated the pitching statistics, leading the league with a 1.65 earned run average, 11 shutouts and 278 innings pitched.

In the voting for MVP, Robinson edged Willie Mays 55 votes to 46 while Philadelphia's Johnny Callison had 34 and last year's actual MVP, Ken Boyer of St. Louis, had 16. Tommy Davis of Los Angeles and Hank Aaron of Milwaukee were next with 11, and Koufax had nine.

## STEEL TALKS DEADLOCKED; BLAME UNION

By H. L. SCHWARTZ III

Associated Press Writer

PITTSBURGH (AP)—Crucial basic steel contract talks are deadlocked with the industry blaming the impasse on union internal troubles. The United Steelworkers denies this publicly, but privately some of its top men say it is so.

There could be a nationwide steel strike May 1.

I. W. Abel, union secretary-treasurer, reportedly has defeated incumbent president David J. McDonald by several thousand votes in a power struggle rare for a major union.

**WINNER BY MAY 1**  
McDonald, 62, has been president for 12 years. He says he gave up a promising Hollywood career to join the labor movement back in the 1930s. Abel is 56, earthy, forceful, a product of Ohio steel mills and the rough-and-tumble days of early organizing.

The union's international tellers must report a winner by

**REDS PROMISED AID**  
Speaking in Warsaw Thursday, Brezhnev said the Soviet Union is ready to give North Viet Nam all the aid it needs.

In Moscow, Soviet President Anastas A. Mikoyan accused the United States of barbarous actions in Viet Nam. U.S. Ambassador Foy D. Kohler suggested to Mikoyan after his remarks at a Kremlin reception that he read Johnson's speech.

The Soviet press published Johnson's offer of talks without prior conditions for the first time today. The story appeared without comment in Pravda, the Soviet Communist party newspaper.

be presented first.

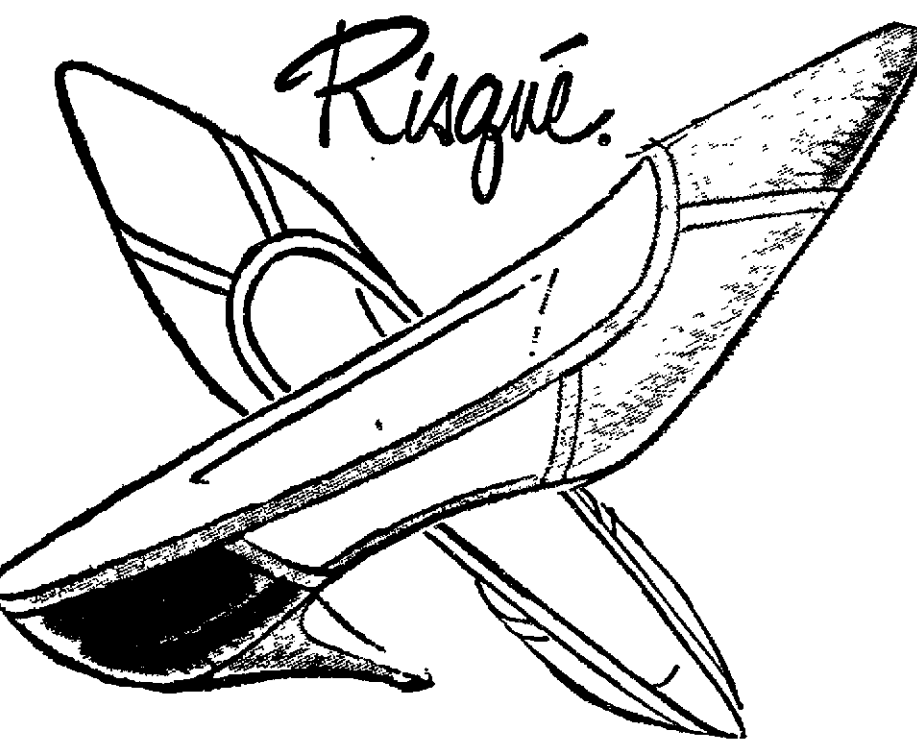

McDonald said okay and told them to draw up the package. Consequently, all the union's demands were dumped on the bargaining table at one time.

This created the problem, still apparently unsolved, of where to start. One union man who was present said it also almost brought negotiators to blows when the industry ridiculed the demands and called them preposterous.

**DIFFERENT THIS TIME**  
They know each other well. They have the routine down pat. Usually non-economic matters have been discussed first, then the bigger issues of wages, pensions and other cost items.

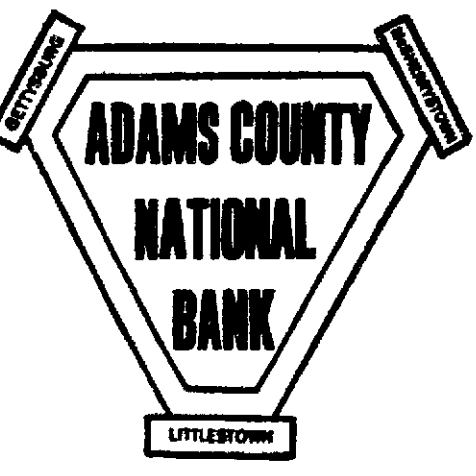

But a top union negotiator said that this year Abel and Joseph Molony, who ran for vice-president on Abel's slate, insisted the economic matters

## G-burg Sweeps Five Events In Downing Juniata 95-45; Lafayette Here On Saturday

One Juniata College track record was tied and another broken as the Gettysburg College cindermen romped to an easy 95-45 win over the Indians, Thursday afternoon in Huntingdon. The win was the first for the Bullets in two outings.

Sophomore speedster Don Arding clipped through the 100-yard dash in ten seconds flat to tie the track record. Senior Jerry Staub, who missed the opening contest, set a new track mark when he turned in 1:56.3 in the 800-yard run.

The Bullets' power came to life when it swept all three places in five events including the 440, 100, 880, 220 and javelin. The mile relay team also coasted to a win 3:39.5. Sophomore Scott Shoupe continued to pace the Gettysburg attack. Shoupe won the pole vault with a 10'6" leap, the 120-high hurdles in 16.6 seconds and tied for first in the high jump with a low 5'8".

Coach Hal Glad's trackmen will attempt to make it two wins in a row when they entertain Lafayette Saturday afternoon in a 2:30 o'clock contest.

## BAVARO FETED AT DINNER BY 750 MAT FANS

More than 750 persons jammed the college dining hall to pay tribute to the accomplishments of Joe Bavaro, Gettysburg College wrestler, Thursday evening.

Henry T. Bream, director of athletics, served as master of ceremonies. After introducing the guests at the head table, Bream introduced speaker Ray Reider, head wrestling coach. Reider said, "This has been a grand year for not only me but for Joe Bavaro and the entire wrestling team. I don't think any other coach in this country, starting out in his first year as a coach, has or will ever experience what I have experienced in this my first season as wrestling coach." Reider publicly acknowledged the fine job that the entire wrestling team did all year, ending with a 9-4-1 record, which he thought was excellent. He said he was also proud of the squad for finishing in fourth place in the MAC during which he thought the entire team did its very best.

After introducing the wrestling team, Reider went on to praise Bavaro for the tremendous job he did in the MAC, the small college tournament and the university division tournament. He noted that many of the fans attending both the matches in Colorado and Wyoming rooted for Bavaro. He said, "I think everyone was behind Joe, not because he was the underdog, but because of his outstanding ability as a wrestler."

#### REASONS FOR PRIDE

Reider went on to say that three things made him very proud of Bavaro and the best way he could pay him a compliment was to mention three moving moments during the past month. The first came in the MAC when Reider asked Bavaro which weight he would prefer to wrestle, 147 or 157. Bavaro said 157, because Scott Higgins, a 147 Sophomore, was having a fine year and should have a chance to go in the tournament.

The second came during the 167-pound title in Wyoming. Reider caught Bavaro discussing wrestling with the man who had just defeated him on a split decision. Veryl Long, Iowa State. Reider said Bavaro could have very well gone back to the locker room and forgotten the whole thing, but his good sportsmanship knew better. The third and most outstanding moment came upon Bavaro's arrival back in Gettysburg. When asked what he thought about the referee's decision in that final championship bout, Bavaro said, "It was a fair call, Long was the better man."

Following Reider's talk, Bream read a letter from Mayor William G. Weaver, who expressed his regrets for being unable to attend the dinner, and also a telegram from Frank "Sprig" Gardner, former Bullet coach, who was also unable attend the banquet.

President C. A. Hanson spoke briefly about the accomplishments of Bavaro. In his statement, Dr. Hanson said, "He (Bavaro) possesses those very special qualities of humility and modesty. He is a true champion in that he is a good student, an outstanding athlete and a gentleman. This is Joe Bavaro's evening, he deserves it."

#### GIVES TROPY

Following Dr. Hanson's talk, Bream presented Bavaro with a trophy inscribed with his entire record for the 1964-65 season. The trophy was presented on behalf of the entire college. Following the dinner a movie of Bavaro in action in Wyoming was shown.

#### SEEKS MOUND BERTH

## NAME KOUFAX AND CHANCE AS "WINNINGEST"

By MURRAY CHASS

Associated Press Sports Writer  
Sandy Koufax and Dean Chance both pitch for Los Angeles baseball teams. Both have won Cy Young Awards. Both led their respective leagues in earned run average in 1964 while compiling a total record of 39 victories and 14 defeats.

Both also were selected overwhelmingly today as the winningest pitchers for 1965 in The Associated Press' annual pre-season poll.

Koufax, the suddenly questionable Dodger southpaw, piled up 155 votes — virtually all of them before he developed an arthritic condition in his left elbow. He had six times as many votes as any other National League hurler while Chance of the Angels drew 95 votes, just about twice as many as his closest competitor in the American League.

#### MANTLE AND ROBINSON

Their selection by 266 sports writers and broadcasters followed that of Cincinnati's Frank Robinson and Mickey Mantle of the New York Yankees as the season's most valuable players. Earlier St. Louis was chosen to win the National League pennant while the Yankees were the pick in the AL.

The only hitch in the selection of Koufax is that the 29-year-old ace may not be able to make it come true.

The voting nearly had been completed when the injury-plagued Dodger came up with the arthritic condition that threatens to keep him in the dugout six days out of every week. When well, Koufax pitches every fourth day.

#### PETERS SECOND

That he had been expected to be well was reflected in the run-away vote he received. Trailing in the distance were San Francisco's Juan Marichal with 25 votes, and Don Drysdale of the Dodgers with 25 and Bob Gibson of St. Louis with 14.

Koufax was the pre-season choice in 1964, too, and appeared headed toward that goal when an injury to the elbow cut him down for the final 1½ months, leaving him with a 19-5

## Community Cage League

Led by Merrill Eckhart, coach, and Jay Schmidt who combined for a total of 407 points, the Texas Lunch went undefeated in the 16-game schedule to take the 1965 championship.

Top individual scoring honors went to Byron Crammer, Lincoln Motor Lodge, who scored 262 points.

Other top scorers were: John King, Coldsmith Roofers, 240; Eckhart, 204; Schmidt, 203; Howard Miller, Coldsmith Roofers, 184; Martin Young, Seminary, 166; Ken Snyder, Lincoln Motor Lodge, 152; Mike Flynn, McDermitt Insurance, 143; Ralph Dusan, Texas Lunch, 140; Rolf Johnson, Texas Lunch, 136; Richard Crist, McDermitt Insurance, 133; Ed Markley, Lincoln Motor Lodge, 128.

record. He was the winningest hurler in 1963 when he posted 25 victories.

Chance, who didn't receive one vote in the poll last year, wound up sharing the honor of winningest pitcher with Gary Peters of Chicago with 20 victories each. In the latest poll, Peters was second with 48 votes. Mel Stottlemyre of New York ran third with 23.

#### EDGES MAYS OUT

Camilo Pascual, 1964's pre-season pick in the AL, received only seven votes this time. The Minnesota right-hander finished last season with a 15-12 record. The 23-year-old Chance dominated the pitching statistics, leading the league with a 1.65 earned run average, 11 shutouts and 278 innings pitched.

In the voting for MVP, Robinson edged Willie Mays 55 votes to 46 while Philadelphia's Johnny Callison had 34 and last year's actual MVP, Ken Boyer of St. Louis, had 16. Tommy Davis of Los Angeles and Hank Aaron of Milwaukee were next with 11, and Koufax had nine.

## STEEL TALKS DEADLOCKED; BLAME UNION

By H. L. SCHWARTZ III

Associated Press Writer

PITTSBURGH (AP)—Crucial basic steel contract talks are deadlocked with the industry blaming the impasse on union internal troubles. The United Steelworkers denies this publicly, but privately some of its top men say it is so.

There could be a nationwide steel strike May 1.

I. W. Abel, union secretary-treasurer, reportedly has defeated incumbent president David J. McDonald by several thousand votes in a power struggle rare for a major union.

#### WINNER BY MAY 1

McDonald, 62, has been president for 12 years. He says he gave up a promising Hollywood career to join the labor movement back in the 1930s. Abel is 56, earthy, forceful, a product of Ohio steel mills and the rough-and-tumble days of early organizing.

The union's international tellers must report a winner by

May 1.

Meanwhile, the election battle has manifested itself in numerous ways. This is how one top union official describes its effect on steel talks:

#### CITES EFFECTS

"Bargaining at best is a very intricate and responsible business. You have to try to please everybody. You take all the demands that anybody could possibly want and lump them together."

"Then, and this is the most exacting and responsible part, you have to select which ones are important. Even in the best of times and under normal conditions it's a very difficult task."

Effects of the election are apparent in the union's bargaining technique. Top-level negotiating for the union and the industry has been done for the past several years by a small group of men.

#### DIFFERENT THIS TIME

They know each other well. They have the routine down pat. Usually non-economic matters have been discussed first, then the bigger issues of wages, pensions and other cost items.

But a top union negotiator said that this year Abel and Joseph Molony, who ran for vice-president on Abel's slate, insisted the economic matters

of Johnson's offer for talks.

#### REDS PROMISED AID

Speaking in Warsaw Thursday, Brezhnev said the Soviet Union is ready to give North Vietnam all the aid it needs.

In Moscow, Soviet President Anastas A. Mikoyan accused the United States of barbarous actions in Viet Nam. U.S. Ambassador Foy D. Kohler suggested to Mikoyan after his remarks at a Kremlin reception that he read Johnson's speech.

The Soviet press published Johnson's offer of talks without prior conditions for the first time today. The story appeared without comment in Pravda, the Soviet Communist party newspaper.

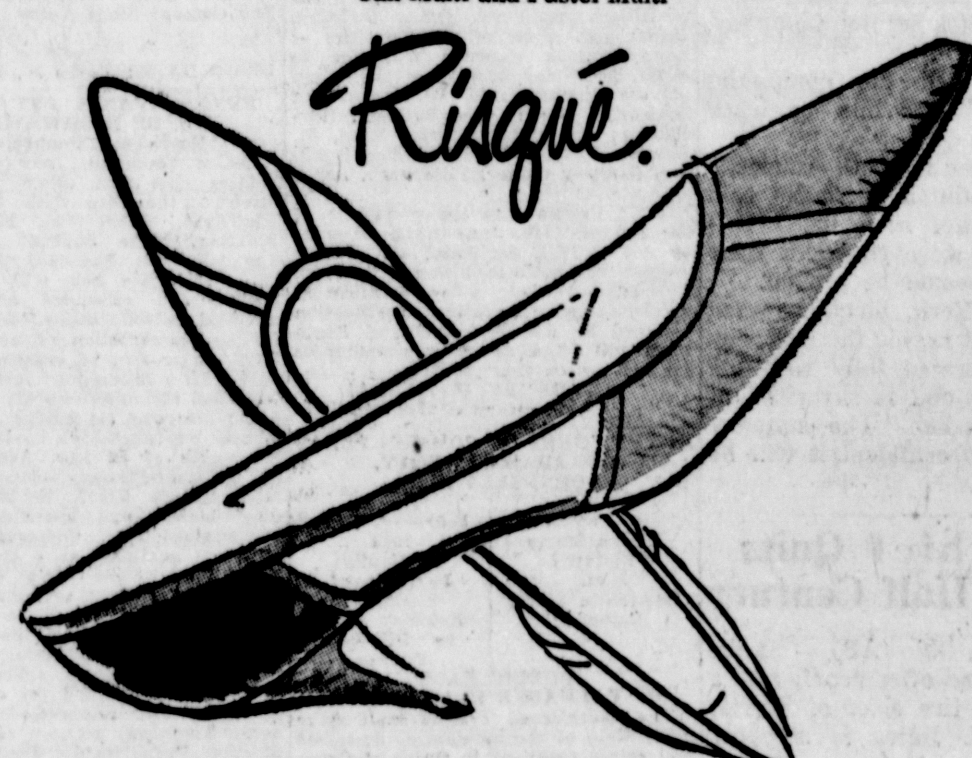

be presented first.

McDonald said okay and told them to draw up the package. Consequently, all the union's demands were dumped on the bargaining table at one time.

This created the problem, still apparently unsolved, of where to start. One union man who was present said it also almost brought negotiators to blows when the industry ridiculed the demands and called them preposterous.

# Thousands Homeless As Floods Sweep 2 States

**By THE ASSOCIATED PRESS**  
Flood waters churned through streets, homes and fields in Iowa and Minnesota today, leaving thousands homeless. Meanwhile, towns in Indiana, Nebraska and Ohio were recovering from a rash of tornadoes or strong winds.

A 12-year-old boy standing near a tree was struck and killed by lightning during a hailstorm at Middletown in southwestern Ohio.

Rivers rose in many areas, causing the U.S. Weather Bureau to predict one of the worst flood seasons in many years.

**4,000 LEAVE HOME**  
Floods have driven more than 4,000 persons from their homes in Minnesota. More than 2,000 persons have been evacuated in Iowa.

A portion of the Flandreau Dam on the Cottonwood River near New Ulm, in southern Minnesota burst Thursday night, permitting a heavier flow of water downstream toward Mankato.

The Red Cross estimated that about 2,000 more persons would be evacuated within the next two days in the Mankato area, which is expected to get six inches more of water because of the broken dam.

**30 FOOT CREST**  
The Minnesota River was expected to crest at 30 feet Saturday at Mankato, breaking the record 29.9-foot crest in 1881. The river was at 27.6 feet Thursday night.

Residents of Chaska were constructing a 31-foot dike after the Weather Bureau forecast a 32-foot crest next week. Utility companies disconnected heating units.

Gov. Karl Rolvaag inspected the flooded area in a helicopter. At least 20 Minnesota highways have been closed.

**NEW THREATS**  
About 400 families were evacuated in Waterloo, Iowa, Thursday night when the Cedar River flowed into the town.

Overflow waters receded in the northwestern section, but new flood threats appeared in the state's central and eastern counties.

A call went out for volunteers in Des Moines to help fill sandbags for protection along the Des Moines River.

Portions of Illinois, Indiana, Missouri and Wisconsin also were in the beginning stages of flooding.

# AUTOBAHN NOT CLOSED TODAY BY COMMIES

By JOHN O. KOEHLER

**BERLIN (AP)** — The Communists left the Berlin autobahn open throughout the morning today for the first time since they started closing it on Monday.

A U.S. military convoy of four vehicles and nine men was cleared for West Berlin without trouble. Civilian traffic moved in both directions.

The Communists offered no explanation for the change in procedure. For the past four days they have closed down the autobahn every morning at 9 a.m. for three or four hours.

## EXPECT CLOSING

There was still a possibility, however, that the Communists would close the autobahn later in the day. A Soviet officer told newsmen Thursday night in Helmsstedt that the daily shut-downs would continue until Soviet-East German military maneuvers end on Sunday.

There was a marked slowdown on traffic entering the West German end of the 110-mile superhighway. Trucks were backed up for 7 miles at the Helmsstedt checkpoint and were waiting 27 to 28 hours before going through the Communist controls.

## POSES CHALLENGE

About 100 cars were lined up at Helmsstedt. The waiting period for them was three to four hours.

The intermittent blockade of Berlin traffic that began Monday posed a challenge to the United States, Britain and France to take counter measures which could create a new East-West crisis but so far the Western Allies confined themselves to protests.

"The longer the harassment goes on, the more serious the situation created by the harassment will be," a State Department spokesman said in Washington.

# Youth Killed In Thursday Accident

**CHAMBERSBURG, Pa. (AP)** — Robert M. Barnhart, 21, Chambersburg, was killed and two other persons injured Thursday night in a highway crash six miles west of Chambersburg on Rt. 30.

State police said a companion of Barnhart, Harry Leisher, 19, also of Chambersburg, and the driver of the other car, Mrs. Mildred Stouffer, Mercersburg, were admitted to Chambersburg Hospital. Neither was believed seriously hurt.

**SELL HITLER PAINTING**

**DUESSELDORF, Germany (AP)** — A water color by Adolf Hitler was sold for \$115 to an unidentified buyer at an art auction here Thursday. Another drew no bids.

The first newspaper to be published in the United States appeared in 1690 in Boston. Published by Benjamin Harris. The newspaper consisted of four pages called "Publick Occurrences Both Foreign and Domestic."

## Signal Early Bird To Take Position

**WASHINGTON (AP)**—A control station at Andover, Maine, sent signals to the Early Bird communications satellite today, designed to station it in a hovering orbit over the Atlantic between South America and Africa.

The Communications Satellite Corp. said the satellite's motor fired successfully at 8:40 a.m. in response to the signals.

The motor operated for 19.7 seconds to push the satellite to the desired altitude of 22,300 miles, directly above and along the equator.

When the satellite is in its stationary orbit, engineers will start telephone, radio and television communications between the United States and Europe.

Murrow had a cancerous lung removed in October, 1963. He entered the hospital for a general checkup March 3. He was discharged Wednesday night.

## REDS LEAD HOME

**WARSAW, Poland (AP)** — Soviet Communist party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin started home today after binding Poland and Russia to a new 20-year alliance. The Soviet leaders traveled by train.

## ADVERTISE IN THE TIMES

## REUNION WILL

(Continued From Page 1)

Stearman, college chaplain, will celebrate Mass for alumnae in the college chapel. The Very Rev. Thomas W. Lyons, superintendent of schools in Washington, D.C., is scheduled to speak at the Mass. He is the brother of Sister Mary Louise Lyons, D.C., of Baltimore, one of this year's silver jubilarians.

Mrs. Albert E. Hammel '39, national president of the alumnae association, presides at the luncheon program. A senior student, Miss Ellene Dougherty, Wyoming, Pa., will pay tribute to the following members of the class of 1915: Mrs. Rodney J. Brooks, Baltimore; Mrs. James Hennessey, White Plains, N.Y.; Mrs. Aquilla Jackson, Marshfield, Wis.; Mrs. Roger Mitchell, Rumson, N.J.; Mrs. F. Lee Rodgers, Buffalo, N.Y., and Mrs. Mosby Wade, Roanoke, Va. The 54 silver jubilarians will be tributed by Mrs. Kevin Lynch '42, Timonium, Md. Mrs. Robert E. LaBrie '40, Wrightstown, N.J. will respond for her classmates.

## HASSELL CUP

The Hassell Cup awarded to the class with the highest percentage in attendance at reunion will be presented by Mrs. Robert Davie '51, national first vice-president from Scotch Plains, N.J.

Elections and installation of new officers follow. Nominated for president of the association is Mrs. Henry Ratke '37 of Williamsport, presently gift fund chairman.

A tree planting by the class of '40, a coffee hour, and a tea honoring silver jubilarians will close the program.

## CUMBERLAND

(Continued From Page 1)

the township secretary and the results of the tests indicate the absorption ability and surface drainage are of such nature as to make the installation of individual septic tank disposal systems feasible. Where the percolation tests do not meet the minimum requirements, the supervisors may, in the exercise of their discretion, grant a special certificate of approval provided the property owner follows detailed specifications furnished by the supervisors to obtain the most satisfactory result in view of the condition of the soil.

**AMENDS DESIGN**  
The ordinance also amends the requirements in general design and lists the minimum diameter of tile, minimum number of lines per field, the maximum length of lines, and gives other requirements for filter material, grade of lines, etc. Also "Any pipe under road or driveway shall be solid pipe with water tight joints."

The final amendment states that the property owner shall furnish a drawing to the supervisors which shall be to scale or with accurate measurements, showing the location of the septic system, drains, well or other source of water on the lot.
